CLAY ATTACKS
ALDRICH BILL.Georgia Senator Says It Is
Wrong and Vicious."Congress Alone Has Right
to Issue Money."Advocates Minority Plan in
the Upper House.(BY THE ASSOCIATED PRESS.—A.M.)
WASHINGTON, Feb. 14.—Senator
Clay of Georgia spoke on the Aldrich
Bill today.He reviewed the banking system of
the country and carefully analyzed
the plan under consideration for the
issuing of emergency currency. He de-
clared it was wrong and vicious, and
would give no relief to the South and
West. He contended that it simply
enlarged the powers of the national
banks, and that Congress was relin-
quishing the sovereign right to issue
and circulate money, which it ought
never have to do.The plan of the minority in the Sen-
ate for the government to issue \$500,-
000,000 of treasury notes, and to use
them in paying the expenses of the
government that they might find their
way into all the channels of trade,
was advocated by him.Mr. Clay said there are now in cir-
culation \$500,000,000 of treasury notes,
not costing the government anything,
and performing all the functions of
money, and that this amount could be
easily increased to \$500,000,000 without
in any way disturbing our finances,
and could not possibly result in a de-
preciated currency.State bonds, city bonds, and municipal
bonds of the South and West, he
contended, were now being held by
eastern capitalists, and the South and
West could not secure an additional
circulation by means of the bonds of
circulation, as they had already
been sold in the East.He declared that the clause of railroad
bonds mentioned in the Aldrich Bill
applied solely to the railroads in the
East, and those of the Southwest had
never been paid dividends as provided in
the Aldrich Bill. The bill, he said,
was drawn in favor of the rich and
powerful money lenders by the govern-
ment. He ridiculed the idea that ad-
ditional treasury notes would depre-
ciate, because we did not have the
gold to redeem them."If the Aldrich Bill becomes a law,"
said Mr. Clay, "the government guaran-
tee the redemption in gold of the
additional notes issued by the national
banks. Would not this be as great a
strain on the gold reserve as treasury
notes?"FIGHT ON RAILROADS.
INDORSE BY COMMITTEE.(BY THE ASSOCIATED PRESS.—A.M.)
WASHINGTON, Feb. 14.—The sub-
committee of the Senate Committee
on Judiciary today decided to take
favorable action on the Tillman resolu-
tion instructing the Attorney-General
to institute suits to compel railroads in
the Northwest to return to the govern-
ment lands granted them by the government.It is intended that the resolution
shall authorize the Attorney-General to
bring proceedings not only to compel
the railroads to open these lands to
settlement, but to forfeit title in cases
where it appears that the railroads
have deliberately conspired to defeat
the purpose of the government in ced-
ing the lands. Information was given
to the Judiciary Committee, showing
that the railroads, instead of dispo-
sing of the land to bona fide settlers,
had so manipulated the settlements
that the railroads themselves are now
in possession of large tracts of land.CALIFORNIA LAWS TO APPLY.
BILL FOR SHANGHAI COURT.(BY THE ASSOCIATED PRESS.—A.M.)
WASHINGTON, Feb. 14.—[Exclusive
Dispatch.] Representative Denby of
Michigan has introduced a bill creating
a United States Court for China to be
located at Shanghai. The bill pro-
vides that the court shall operate un-
der the laws of California.AMENDMENT OFFERED.
TO APPROPRIATION BILL.(BY THE ASSOCIATED PRESS.—A.M.)
WASHINGTON, Feb. 14.—The read-
ing of the Executive, Legislative and
Judiciary Appropriation Bill for amend-
ment was begun in the House today.
The measure covers 168 pages.Mr. Crumpacker of Alabama offered
an amendment reducing the mileage al-
lowed to Senators, members and dele-
gates from 20 cents a mile to 8 cents,
but on an objection by Mr. Fairbairn
of California, it was refused on a point
of order.TO BETTER YOSEMITE ROAD.
INTERIOR DEPARTMENT TO ACT.(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Feb. 14.—[Exclusive
Dispatch.] The Secretary of the
Interior has notified Representative
Englebright that his department will
shortly take under consideration the
improvement of the road from El
Portal to the Yosemite. This road,
which was recently built, is fourteen
miles long.MORE PAY FOR SOLDIERS.
COMMITTEE IS AGREED.(BY THE ASSOCIATED PRESS.—A.M.)
WASHINGTON, Feb. 14.—The long
deferred agreement to report favor-
ably a substantial percentage increase
of pay for the enlisted men of the
United States army was reached today
by the House Committee on Military
Affairs. The committee has decided to
recommend an average increase ap-
proximating 27 per cent, or 6 per cent,
less than was requested by Gen. Bell,
chief of staff. This increase will apply
also to the enlisted men of the Marine
Corps.ADDS TO FOREST.
President by Proclamation Preserves
Tract of Nearly 600,000 Acres in
California.(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Feb. 14.—[Exclusive
Dispatch.] The President has just
signed a proclamation reserving addi-
tional territory amounting to nearly 600,000
acres to the Modoc national forest in North-
eastern California. All the lands put
within the forest by this proclamation
are situated in Modoc county, with the
exception of a small area in the north-
east part of Lapwai county.
The exact area of the addition is
570,800 acres, which brings the total
area of the forest up to 558,018 acres.ALDRICH BILL
IN DANGER.Prediction Is Made That Finan-
cial Measure Will Not Become
Law This Session.(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Feb. 14.—[Exclusive
Dispatch.] There is to be no money
legislation at this session.During the sharpest of the finan-
cial stress it was accepted as a
certainty that Congress would
pass a law which would give
relief under similar conditions in
the future. Now there
seems to be doubt that Congress
will do anything of the kind.With the legislative doctors dis-
agreeing, the legislative lay-
man may not be able to decide.
Influential Republican mem-
bers of the House say the Aldrich
bill will never pass. It is
charged by many of them that
the measure is to a large ex-
tent a bill which will bring
relief to the speculative interests,
while bringing no relief, though
probably no distress, to the non-
speculative interests.It has been said here and there
again that the bill provides for
relief after financial sickness has
come, but does not provide for the
prevention of the sickness.The land proclaimed is a part of the
Modoc and will be under
administration at once with Supervisor
C. R. Bachford, with headquarters at
Alturas.
The additions to the forest have a
stand of valuable yellow pine, which
will amount to several million feet,
and will average 18,000 to the acre.
There is little or no agricultural land
in the addition.TO ESTABLISH
MODEL FARMS.CONGRESSMAN HAS PLAN TO AID
AGRICULTURAL INTERESTS.Proposes 100 One-Acre Tracts in
Middle West to Be Cultivated Un-
der Direction of Government Ex-
perts to Show Land Owners How to
Utilize Great Grain Territory.(BY THE ASSOCIATED PRESS.—A.M.)
WASHINGTON, Feb. 14.—Representa-
tive Scott of Kansas, chairman of the
House Committee on Agriculture,
has conceived a novel plan which, he
believes, if adopted, will enable the
farmers of the country to produce bet-
ter and far larger crops than hereto-
fore.Mr. Scott's proposition involves the
establishment of 100 experimental
farms of one acre each in every county
in a group of four western agricultural
States for the purpose of giving the
farmers a practical demonstration of
the best methods of growing different
kinds of crops.It is proposed that the lands for
this purpose shall be furnished by the
farmers themselves, and that they do
the work of cultivation under the di-
rection of the experts of the Depart-
ment of Agriculture.No additional appropriation from
Congress will be required, to test Mr.
Scott's proposition. It is explained, as
the Agricultural Department now has
the requisite number of experts to
carry out the plan.Mr. Scott declares that enough money
is now being practically wasted by
the Department of Agriculture in
sending out farm bulletins and other
government documents to carry out
his scheme. He says that much valua-
ble information has been distributed
in sending out these publications, but
at their contents are so little under-
stood by the farmers that they do not
derive the knowledge from them which
they should as to the best cultural
methods to grow corn, wheat, hay,
and the other regular crops.

TO PROTECT LAND HOLDERS.

Department Considers Proposal to Is-
sue Temporary Title to Imperial
Valley Residents.(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Feb. 14.—[Exclusive
Dispatch.] The Interior Department
has taken under advisement the sug-
gestion of Representative Smith that
they issue temporary title to all hold-
ers of public lands in the Imperial
Valley, until the authorized govern-
ment survey of the land is completed.
The survey, which will cost \$20,000,
is nearly completed, but it will then
be necessary to have the survey thor-
oughly investigated before it is ac-
cepted, which will take considerable
time.

WASHINGTON BRIEFS.

Grants Hearing on Car Bill.

WASHINGTON, Feb. 14.—The Sen-
ate Committee on Interstate Commerce
today gave a hearing on the Culber-
son-Smith car and transportation serv-
ice bill under which railroads engaged
in interstate commerce would be re-
quired to promptly furnish cars to
shippers.

Vote Down Currency Commission.

WASHINGTON, Feb. 14.—The House
Committee on Banking and Currency
today tabled all propositions to appoint
a commission to consider currency
questions.

Uncle Sam Buys Silver.

WASHINGTON, Feb. 14.—The Treas-
ury Department today purchased 160,-
000 ounces of silver for delivery at
Denver, at \$7.33 1/2 cents per fine ounce.

WOMAN CRITICIZES SEX.

Tells Suffragists They Must Learn
Civics Before Making Demand
for Ballot.(BY THE ASSOCIATED PRESS.—A.M.)
NEW YORK, Feb. 14.—Mrs. Cora F.
Trow caused consternation in a meet-
ing of the West End Women's Repub-
lican Club yesterday by stating that
until women had learned how to hold
legal elections in their own cities, they
had no right to demand the ballot.She said that women voted for the
officers of their clubs because they
liked the way a candidate dressed her
hair, or because they disliked the wom-
an who placed the opposition candidate
in nomination.
Women should study civics, she said,
and become qualified to take part in
the government of the country before
they demanded the right to vote.

GRAFT PROSECUTION.

(Continued from First Page.)

stated in her affidavit that Burns re-
presented to her that her brother would
be imprisoned, which would kill his
old parents, "if he did not comply
with the demand to tell all he knew;
that if he did comply it would give
him to us and to liberty, and give
him a chance to assume his place
among his friends and fellow-citizens,
with every opportunity to re-
sume his place of honor as a man; that
his brother would go free; that Burns
said "Henry will act toward him
Kluge as his best friend, and that
he (Burns) said he had come to
like my brother as a man, and great-
ly admired him, and would be his
witness."The aged father of Ruef, in his af-
davit, related how he had again and
again begged and pleaded with his son
to comply with the demands of the
prosecution, and after many refusals
because he said "he was innocent and
would not plead guilty," he had pre-
vailed upon him to accept the condi-
tions offered him.SACRED PLEDGE.
Continuing, the affidavit reads:
"Mrs. Burns and Kaplan and Wil-
liam J. Nieto, all acting for the pro-
secution, gave to me and to me alone
assurances of complete immunity
and in my presence they pledged their
sacred word of honor that not only
had Mr. Ruef, but also my brother, Mr.
Speckels, agreed to this, but that
Judges Dunne and Lawlor had also
given to Henry and to the reverend
clergy their personal assurance of im-
munity, and that the agreement would
be carried out."In the affidavit of Mrs. Sittenfeld,
sister of Ruef, it is related that she
saw the representations of the two
Jewish rabbis, Burns and Elliot Biggy,
who had helped in prevailing upon her
brother, Ruef, to accept the conditions
of the alleged bribes, and of their re-
peated and most positive assurances
that her brother would be granted full
immunity.The reading of these affidavits by the
attorneys, Stanley George R. and
Richard O'Connor, was pre-
ceded by Henry Ach, chief of the at-
torney's office, who stated that the
reading of the affidavits was for the
information of the jury, and that they
had been given to the jury box, that
they had been approved by some
legitimate private detectives, who sought
to get their views of the graft prosecu-
tion."So far as the defendant in this
case is concerned," said Ach, "we want
to assure the court that not a single
person other than his brother is being
employed in any capacity."He suggested, however, that the
court take some action.This brought forth a statement from
Asst. District Attorney George R. who
reported that persons approaching
prospective jurors declared themselves
to be agents of the District Attorney's
office, and that Dist. Atty. Langdon
authorized the statement that the
company is insolvent, with a deficit
of \$1,717,114.After reciting the history of his ar-
rest and his belief that he was being
imprisoned and surrounded by a number
of guards appointed by W. J. Burns—
an agent of Henry and of the District
Attorney—Ruef, in his supplementary
affidavit, states "that said Burns, acting
for the prosecution, did, on March
10, 1907, at the time of the affidavit be-
ing taken, before the jury, and to my
testimony, repeatedly and continuously
urge upon the defendant that he should
plead guilty, or plead not guilty, and
that if he would do so, this affidavit
would be granted full and complete
immunity by the court."Ruef then states that he "declined
time and again to make any state-
ment," and that Langdon, Henry and
Nieto then caused the Rev. Jacob
Nieto and returned with their affidavits
to call on him and urge him to tell what
he knew for the good of this community,
and that if he would do so he would
be promised and guaranteed and
assured that his brother would be
two Jewish ministers called upon
Ruef's mother, father and sister, and
through them urged the affidavit to tell
the truth, and that if he would do so,
pending these negotiations, this affidavit
would be granted full and complete
immunity by the court."Ruef then states that he "declined
time and again to make any state-
ment," and that Langdon, Henry and
Nieto then caused the Rev. Jacob
Nieto and returned with their affidavits
to call on him and urge him to tell what
he knew for the good of this community,
and that if he would do so he would
be promised and guaranteed and
assured that his brother would be
two Jewish ministers called upon
Ruef's mother, father and sister, and
through them urged the affidavit to tell
the truth, and that if he would do so,
pending these negotiations, this affidavit
would be granted full and complete
immunity by the court."Ruef then states that he "declined
time and again to make any state-
ment," and that Langdon, Henry and
Nieto then caused the Rev. Jacob
Nieto and returned with their affidavits
to call on him and urge him to tell what
he knew for the good of this community,
and that if he would do so he would
be promised and guaranteed and
assured that his brother would be
two Jewish ministers called upon
Ruef's mother, father and sister, and
through them urged the affidavit to tell
the truth, and that if he would do so,
pending these negotiations, this affidavit
would be granted full and complete
immunity by the court."Ruef then states that he "declined

Be Sure

Do not trust too much to your own judg-
ment in medical matters. Consult your
doctor frequently. He knows best.
Hard colds, hard coughs, severe bron-
chitis, weak throats, weak lungs. We
wish you would ask your doctor if he
knows of anything better for these
troubles than Ayer's Cherry Pectoral.
We believe it is the best medicine you

TAFT TO FIGHT FIELD.

Combination Against Secretary Leads
Him to Invasion of Territories of
Favorite Sons.(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Feb. 14.—[Exclusive
Dispatch.] Secretary Taft and his
managers have decided to make a vi-
gorous campaign for the Republican
nomination, irrespective of the
other candidates.Taft headquarters have been opened
here and in Chicago. Within a few
days the Taft bands will be doing the
breeze in New York. In Ohio, the
Secretary of War has, to all intents
and purposes, opened headquarters in
Cincinnati.It was the original intention of Sec-
retary Taft not to invade the territory
of the favorite sons, but since the other
candidates have agreed to make a
fight on him, Taft and his managers
have decided to invade the other States
and to secure all the delegates possi-
ble.

SETS BANK INQUIRY DATE.

CARSON, Feb. 14.—At the request of
Dist. Atty. Roberts of this county, to-
day, Judge Langdon set February 20
for a meeting of the grand jury to in-
vestigate affairs of the conduct of the
State Bank and Trust Company.Messrs. Shaw, Platt and Davis, who
are representing the bank in its reorgani-
zation, left tonight for Tonopah and
Goldfield, where they will meet Mac-
Kenzie and other heavy depositors, in
the hope of immediately settling nego-
tiations toward opening the branches
in both those cities.

SUFFRAGETTES GO TO JAIL.

LONDON, Feb. 14.—Mrs. Parkhurst,
the leader of the woman suffragists,
and the other delegates of the organ-
ization, who were arrested yesterday
when they attempted to make a demon-
stration in the House of Commons,
all went to jail today for six weeks,
rather than give sureties for their good
behavior.

ROOSEVELT LEADS.

LINCOLN (Neb.) Feb. 14.—At the Re-
publican primaries here yesterday
voters were given a printed ballot by
which to express their Presidential
preference.In a vote about one-fifth of the nor-
mal in eighteen out of twenty voting
precincts in the city, the vote stood:
Roosevelt, 270; Taft, 238; La Follette,
63.

FLASHES FROM WIRES.

The Continental Finance Company
yesterday in New York began action
against C. A. Hanna, receiver of the
National Bank of North America, and
C. E. Morris, asking that the court
prevent the receiver from collecting a
\$60,000 note or disposing of 1000 shares
of stock of the American Ice Securities
Company, until an accounting may be
had in connection with the same.The proposed constitutional amend-
ment to prohibit manufacture and sale
of liquor which passed the West Vir-
ginia House, was yesterday defeated
in the Senate.Two separate earthquake shocks
were recorded on the seismograph at
the Coast and Geodetic Survey
yesterday. From the short dura-
tion of these shocks, it is inferred that
they must have been of local origin,
though there is not sufficient informa-
tion at hand to locate the center of the
disturbance.That the Ohio Valley will suffer from
a disastrous flood seems certain unless
a cold wave checks the heavy rainfall
of the past forty-eight hours.

ISSUES STATEMENT.

ALBANY (N. Y.) Feb. 14.—Superin-
tendent Otto Keiley, of the State In-
surance Department, gave out tonight
the report of the department examiners,
Nelson B. Hughes and Charles
Hughes, upon the Mutual Reserve Life
Company, together with a statement in
part as follows:"In our opinion, in 1906, the records
of this company show that it was im-
possible for the company to carry out
its contracts.The examiners show a deficiency of
\$1,717,115, as of August 31, 1907. They
also admitted assets of \$3,701,902. In-
cluded in this item are premium notes,
loans and liens amounting to \$1,480,540,
and outstanding and deferred pre-
miums of \$709,554. They charge total
liabilities of \$5,418,717. Included in this
last item are unpaid death claims of
\$1,008,401.

FEARS JEFFS IS DEAD.

Sister of Castaway on Galapagos for
Whom Evans Will Search Doubts
Rescue.(BY THE ASSOCIATED PRESS.—A.M.)
NORWALK (Ct.) Feb. 14.—Mrs. J.
H. Claidge, sister of Frederick Jeffs,
the sailor who is supposed to be on
one of the Galapagos islands, has re-
ceived from Norway a report of his
casting away last July, and she fears
that the attempt to rescue, which was
to be made by one of the ships of Ad-
miral Evans, will be too late.The vessel on which Jeffs was serv-
ing was wrecked on the island and all
the crew reached shore safely.
Ruef, who was on the island, was
in ill health from the place where
they landed to the other end of the
island, and he died from there.
They were rescued, but the rescuing
ship, being insufficiently provisioned,
was unable to go after Jeffs.

MORGAN WANTS CITY BONDS.

Headed Big Syndicate That Bids for
Entire \$50,000,000 Issue in New
York.(BY THE ASSOCIATED PRESS.—A.M.)
NEW YORK, Feb. 14.—A syndicate,
composed of J. P. Morgan & Co., the
First National Bank, the National City
Bank and Harvey Fisk & Sons, put in
a bid for the entire \$50,000,000 issue of
New York City's 4 1/2 per cent. bonds,
bids for which were opened today.
The syndicate offered 100,377 for \$47,-
000,000 and 100,377 for the remaining
\$3,000,000.There were 1105 bids in all, many of
them for comparatively small amounts.
Many of the bids for smaller amounts
were considerably higher than the syn-**Be Sure**

MINES AND MINING.
HART CAMP'S
RICH STRIKE.
FIVE FEET OF HIGH-GRADE ORE
IS REPORTED.
Find Made on Hart and Mitt Original Location—Utah Mining Men Here—Cyaniding in Peru—Clark Copper Meeting—From Guanajuato District.

Utah Miners Here.
A party, consisting of Messrs. C. Cutler, Walter J. Burton, Henry Green, L. R. Martineau, Sam J. Rich, Edwin Jenkins, H. E. Bowman, C. Anderson and L. G. Burton, arrived in Salt Lake City on the way from the mines of the Utah-Arizona Gold and Copper Mining Company, operating property in the Weaver mining district, Mohave county, Ariz., about ten miles west of the famous White Hills mines. The members of the party are well-known business men of Salt Lake, Idaho Falls and Iowa.

Guantanamo District.
Silver bars to the amount given below were received in Guanajuato during the past week, from mills controlled by the Securities Corporation, Ltd.: Pinguico mine, \$12,000; Perseus mine, \$2,000; Central mine, \$5,000; making a total of \$19,000. These mines are well equipped, and the mills extract 35 per cent. of the total values. The bars were sold to the National Metal Company, which either disposes of them to the Mexican government, or ships them to England after extracting the residue of gold. These properties also ship concentrates, which are usually sent to the American Smelting and Refining Company at Aguascalientes.

Charles Sweeney, Jr., oldest son of Charles Sweeney, of the Federal Mining and Smelting Company of New York, has just returned to the city from San Francisco, where he has been for the past few weeks on business connected with the ordering of a cyanide plant for use in Peru. He has obtained, through the son of the President of Peru, for an old college mate of Yale, a concession which permits him to work the dumps of government mines within a certain radius in the Cordillera. The present plan will be experimental to a certain degree, and it is expected that larger plants will be shipped in as soon as the value of the dumps has been proven by practical tests. Sampling which has already been done shows a large accumulation of ore that will run from \$8 to \$17 per ton. It is not yet known just what percentage of value is recoverable by the cyaniding process, though tests made here and in San Francisco have been satisfactory. Mr. Sweeney expects to leave here within the next ten days, going by boat, a trip which will consume about two weeks.

POLO FINALS
AT RIVERSIDE.

MIXED TOURNAMENT FOR THE
INDIVIDUAL CUPS.

Los Angeles Players Take Part in
Contest for Mackey Trophies.

Score of Two-to-One Shows Closely-Contested Match—Sixty Ponies Have Been Used.

(BY DIRECT WIRE TO THE TIMES.)
RIVERSIDE, Feb. 14.—(Exclusive Dispatch.) In one of the fastest and best polo matches ever played at Chenaqua Park, yesterday, the Los Angeles players defeated the team from the Weaver mining district in the final of the Echo Park game in the final of the afternoon for the four silver loving cups offered by Frank J. Mackey supplementary to the big Mackey trophy. The score stood 2 to 1 in favor of the Whites.

The play in the mixed polo tournament has been among the poloists who are out of the contest for the big Mackey cup. On the winning team, Tom Weiss of Los Angeles played; back; W. E. Pedley, Riverside, No. 3; A. H. Lett, Riverside, No. 2; and C. H. Horton of Honolulu, No. 1.

The Reds, the opposing team, comprised T. B. Jenkinson, back; Harry Weiss, No. 3; Harry Messmore, No. 5; J. A. Edmonds, No. 1.

The game was fiercely contested from start to finish and was so close that the outcome was in doubt up to the final whistle at the end of the last period. Both teams played brilliantly, and the game was full of spectacular features.

Time and again the ponies dashed the length of the field after a safety goal at the critical last instant the opposing team would block the goal and turn the sphere toward the opposite goal when another spectacular run would be made to the other end of the field. Both sides played aggressively and enthusiasm among the spectators ran high.

Though the play was not for the big trophy, the game probably equaled the match of Wednesday, between Los Angeles and Riverside. The mounts throughout the tournament have been notably good. About sixty ponies have already played in the tournament this week, and there are a score more of fresh thoroughbreds for the finals tomorrow.

In the game this afternoon neither side allowed the other to score in the first period. In the second period, the Whites got a try at the goal, but the ball went through the goal and Norton, with a well-directed stroke, put it through, scoring the first goal for the Whites. On a safety, Jenkinson made a try but narrowly missed. The ball was brought out in a short run and in three clean strokes Jenkinson drove it between the goal posts for the Reds, making the score a tie.

At the end of the period on a foul, the Whites got a try at the goal, but Tom Weiss put the ball through in two follow strokes, making the score two to one in favor of the Whites. This was the only period in which any scoring was done.

The third period was a repetition of the first. In the fourth period Tom Weiss took the ball to the goal line but was blocked by Jenkinson. Pedley brought it up again but it went outside. The ball was then taken down to the Whites' territory at the end of the field where it was kept until time was called. S. F. Nave, umpire.

In addition to the polo match there was a dash three-quarters of the length of the field, for a silver cup offered by Mr. Mackey. S. F. Nave won, with F. D. Hudson second and T. B. Jenkinson third.

In a stick and ball race, Tom Weiss and Harry Messmore were the winning pair. Nave and Jenkinson followed, with Pedley and Hudson last. The prize was a cup given by Mr. Redmayne.

The attendance today was the largest of the tournament. The biggest game of the week will be played Saturday afternoon when the two Riverside teams will compete in the finals for the big Mackey cup. Keen rivalry exists between them and an exciting match is expected.

Fred Lenders Beaten.
BALTIMORE, Feb. 14.—(Exclusive Dispatch.) According to agreement between the two principals that if both men were on their feet at the expiration of fifteen rounds, the contest was to be declared a draw. Referee McGuire so declared the bout tonight between Fred Lenders of Brooklyn, and Willie Fitzgerald of Baltimore, for the Hurd Athletic Club. It was a fortunate thing for Lenders, otherwise the decision would have undoubtedly gone to the Brooklyn boy, as he put up decidedly the best exhibition.

High School Second Eleven Defeated in Close Score—Feature Is New-
man's Double.

Echo Park defeated the L. A. High school baseball team yesterday, by the score of 10 to 7. The winning runs were scored in the eighth inning, when Kinkelin and DeFont secured three-baggers, and M. Newman a two-bagger with the bases full. Wurtz of L. A. High pitched a strong game up to this inning.

The Echo Park team will play the Southern California Business College, this afternoon. In the morning the second team will meet the second nine of Pasadena High School. Manager Best, of the Echo Park team, is making out a schedule for the season and anxious to hear from managers of High School teams. A game with the Title Guarantee and Trust team has been scheduled for Washington's Birthday.

The line-up yesterday was:
Echo Park pitcher Wurtz
DeFont catcher Kelsey
McClintock first base Spencer
Haught shortstop Hirsch
M. Newman third base Martin
Kinkelin second base Vale
O'Connor center field Daniels
Right field Neighbors

RIFLE'S SUNDAY SHOOT.
Target Practice at Schuetzen Park in Conjunction With the Turners' Shoot.

The Southern California Rifles are to hold their Sunday shoot at Schuetzen Park owing to the bad weather which prevented many from attending last Sunday. The Turners are to hold their practice shoot at the same place, but residents in the neighborhood object to continuous practice and the whole project had to be abandoned. The Redondo Beach Chamber of Commerce stood ready to assist the Rifles in any way, but the objections came from private owners. It has been planned to give a two days' tournament and barbecue there Saturday and Sunday next.

The same officers who conducted last Sunday's shoot will have charge this Sunday. Capt. A. C. Freeman will be officer of the day; Theodore Seavey will be range officer; C. E. Pierce will be range clerk; W. Goldworthy, A. D. Ostrander, and Ed. C. Hoffman will be scorers.

The range is 200 yards and only rifles will be used. There is no opportunity to shoot 22-calibers, and most of the guns used will be high power guns.

NEW GOLF CHAMPION.
Mrs. Sturgis of Coronado Defeats Mrs. Munn of New York for Pacific Coast Title.

(BY DIRECT WIRE TO THE TIMES.)
SAN DIEGO, Feb. 14.—(Exclusive Dispatch.) Mrs. Sturgis, a member of the Coronado Country Club, won the finals in today's women's golf tournament at Coronado and the championship of the Pacific Coast for 1908.

At the eighteenth hole of the course, Mrs. Sturgis and Mrs. Herbert Munn of New York were even, making it necessary to go an extra hole, the result being a victory for Mrs. Sturgis, a woman, and thus reversing the honors of champion, Mrs. Munn having held the championship for 1907.

It was generally expected the New York player would win from Mrs. Sturgis, and the result was a surprise to all who followed the players in the finals. Mrs. Sturgis shows her superiority on her long drives, while Mrs. Munn was skillful on the greens. Both women were nervous while working for the nineteenth hole. A silver cup is the trophy.

SAINTS AND INDIANS.

Two Games of Baseball Scheduled to Be Played on St. Vincent's Diamond Today.

There will be two baseball games on the St. Vincent's diamond today. In the morning the Saints' High School aggregation and the Brown Berger nine are to play, while in the afternoon the older Vincentians and the Sherman Indians will get together for the second time this season. The Indians took the first game and their first meeting with the Saints' players, and show much improvement.

Lamer, the Saints' captain and shortstop, is on the bench with a bad ankle, received in the game with L. A. High Wednesday, and his absence results in a general weakening of the team. However, the collection has put in some hard practice since their first meeting with Scholcher's players, and show much improvement.

Shane, the Indian slasher who performed so creditably in the first game, will again hold down the job on the rubber with Smith on the receiving end. Kerfoot and Grindle will form the Vincentian's battery, with the chance of Yabarrando pitching the last couple of innings. Following is the line-up:

Sherman-St. Vincent's catcher: Shane, pitcher; Amago, shortstop; Loe, right field; Kutch, center field; Merrick, second base; L. Smith, first base; Thomas, left base; Dorman, left field.

St. Vincent's-Bastenchury, shortstop; Pick, second base; right fielder; Corbin, third base; Grindle, catcher; Calahan, left field; O'Rourke, first base; Yabarrando, center field; Kerfoot, pitcher.

Another Walking Test.
BUTTE (Mont.) Feb. 14.—Charles S. Reupp of Chicago has arrived in Helena from Tacoma, having left that city on foot December 10, for Chicago, to make a 2000-mile walking record to beat Pedestrian Watson's 24-day record. Reupp says the weather has been very disagreeable and nasty since he started. He declares that two weeks ago he walked from Bonner's Ferry, Idaho, to Kalispell, a distance of 188 miles, without having a thing to eat from the time he left Bonner's Ferry until he reached Kalispell.

Elected Faculty Captain.
Prof. Esterly was elected captain of the Occidental faculty baseball team, yesterday, to lead the pedagogues in the game which will be played with the seniors March 2. The date of the game is President Baer's birthday.

POMONA BASKETBALL.
Occidental is to Take Another Glimpse at Congregationalists in the Court Game.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
CLAREMONT, Feb. 14.—The basketball team, which will meet the Occidental five on the local court tomorrow, will present a different line-up than has been used this season.

Pomona's two star forwards, Hayes and Neale, will be kept out of the game, in order that they may save their strength for the Whittier game in Los Angeles Monday, when the game is President Baer's birthday.

Southern California Interscholastic basketball championship will be fought at Metcalf. Pomona's most versatile athlete, will try his luck at forward, having played center and also guard previously.

Richards, who has been snubbing as a "lame" player, will be given a chance at the other forward position. Richards is another player of the lucky long-shot type. To take "Met's" place at guard, Hitchcock, a sub guard, will be utilized, while the other guard position will be filled by Capt. Lorber. Gore will play center.

Tennis Tournament.
Kenneth Gordon and Winna Mace of Occidental College and A. Costain and Charles Nebecker of Harvard Military School will meet in a tennis tournament this afternoon on the Harvard courts. There will be six events—four men's singles and two men's doubles. Ray Hyatt will be the Occidental alternate.

Truth and Quality
appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

Where the finest biscuit, cake, hot-breads, crusts or puddings are required Royal is indispensable.

ROSAL
Baking Powder
Absolutely Pure

Not only for rich or fine food or for special times or service. Royal is equally valuable in the preparation of plain, substantial, every-day foods, for all occasions. It makes the food more tasty, nutritious and wholesome.

EUROPE IS ALARMED.

(Continued From First Page.)

railroad line from Radulevitz, in Serbia on the Danube, to Abitvart or Dulcigno, both seaports of Montenegro on the Adriatic, a project that would connect the Danube with the Adriatic and would be acceptable to Italy for commercial reasons.

This Russian counter move to the Austrian project is resented here. Austria desires direct railroad communication between Vienna, Salonika and Athens. Coming from Vienna, South Austria already has her own lines through Hungary, Bosnia and Herzegovina, down to a point on the Uvack River to Herzegovina; coming north the railroad line runs from Salonika through Uskub into Serbia with a branch going from Uskub to the north-west as far as Mitrovitz.

Consequently Austria desires to construct a line from Mitrovitz through the Turkish province of Novipazar to the Uvack point in Herzegovina. With this accomplished, there would remain only the connection from Salonika south to the Grecian lines to provide for.

If a line connecting Abitvart or Dulcigno with the Danube was put through by Russia, it would have to cross the connecting branch Austria wants to build in Novipazar and practically make the Austrian project impossible.

Austria's right to seek a concession from Turkey for the connecting line through the province of Novipazar is based, it is semi-officially declared here, upon the treaty of Berlin. On the other hand, it is asserted that Russia not only has no such right, but she is not even able to plead immediate neighborhood to Turkey as in the case with Austria.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

NEW RECORD.Defeats Richardson Throwing
Sixteen-Pound Shot.Rubio Beats Thompson, Al-
leged Ten-second Man.U.S.C. Wins from L. A.
in First Dual Meet.Several surprising performances
were made by both the prep and col-
lege athletes in the track meet between
U.S.C. and L.A. High yesterday, which
the college team won by the score of
50-14.Trotter of U.S.C. lowered the South-
ern California record in the shot put
from 49 ft. 5 in. to 49 ft. 3 in.
Thompson, the U.S.C. sprinter who
was credited a few days ago with run-
ning the hundred in 10.8 flat, was
handily beaten by Rubio, the High
School runner, in 10.4 sec., and was
pressed by both Coleman and Geisler,
although both these men lost out for
third place at the finish to Cooper of
U.S.C. Thompson was either badly out
of form or was not timed correctly in
the class meet.The time in all of the races yesterday
was slow. The hundred was done in
19.4 sec. over the same course on which
Thompson was alleged to have made
the record of 10.8 flat. The U.S.C. track
is not adapted to fast time just now,
as it is covered with coarse cinders
which do not permit fast running.Capt. Coleman of L.A. High won the
220-yard dash, Thompson and Cooper
of U.S.C. finishing second and third.
Rubio led until near the finish, when
he collapsed.U.S.C. took all three places in the
quarter-mile race. L.A. High's Elmer
running fourth. Burek of U.S.C. ran
away from the field in the 220-yard
hurdles, and Williams of L.A. High,
who took second in the race, was pressed
by Richardson of the college team.CURL'S RUNNING.
Robert Curl ran a surprising half
mile and defeated Scobbe of L.A.
High by a good margin. The time was
19.4 sec. over the same course on which
Thompson was alleged to have made
the record of 10.8 flat. The U.S.C. track
is not adapted to fast time just now,

SPORTS MAKE
BAD GUESSES.NO FAVORITE LANDS IN FRONT
IN SIX RACES.First Three Events Taken by Nags
at Long Beach. Mark Anthony II
Runs Fast Mile in Elks Handicap
and Lord of the Forest Shows Good
Speed at the Final.Another day of racing passed out
of history yesterday at the Long Beach
track without a favorite winning in the
six races, the card making a total of eight
races in which but one favorite
has won in the last three days. Three
favorites ran second yesterday but
they might have been the barn for
all the good their performances did
those who bet on them.There was apparently little form to
the races and the nags just ran around
the track in a way to suit themselves.
Only a fair sized crowd of sports-
men, for the lowest price on either
of the first three winners was 9 to 1.
Mark Anthony II at 5 to 1 took the
fourth race, Avonville at 3 to 1 beat the
favorite Kinman in the fifth, and
Lord of the Forest at 4 to 1 won the
last race from the favorite, Taylor
George.There were twenty-two books in the
ring and each one did a good show-
ing. Only a few favorites were bet-
ting to the track and the card was
an ordinary one, the feature being
the boxing tournament, Charles Herrold
and M. E. Faets of Chicago piled up a
score of 123, which is seventeen less
than the record-breaking score made
by the two champions, Chalmers
and Flene, the leaders in their class.Other high scores in the fourth shift
were:
Ladlan and Rodeo, Milwaukee, 105;
Baker and Katchathaler, Pittsburgh,
108; Deen and Lauf, Granite City, Ill.,
107; Fisher and Lang, Granite City,
103.Following are the five highest scores
of eight shifts of the individual event:
Adams, 105; Belle, 104; J. Rom-
vover, Akron, O., 103; M. Luger, St.
Paul, 102; E. Mackay, Akron, 101.Broad jump—Won by Richardson (U.
S.C.), 20 ft. 10 in.; Trotter (L.A. H.),
19 ft. 10 in.; Richardson (U.S.C.),
19 ft. 10 in.; Trotter (L.A. H.),
19 ft. 10 in.; Richardson (U.S.C.),
19 ft. 10 in.Shot put—Won by Trotter (L.A. H.),
40 ft. 10 in.; Richardson (U.S.C.),
39 ft. 10 in.; Trotter (L.A. H.),
39 ft. 10 in.; Richardson (U.S.C.),
39 ft. 10 in.Pole vault—Won by Richardson (U.
S.C.), 12 ft. 10 in.; Trotter (L.A. H.),
12 ft. 10 in.; Richardson (U.S.C.),
12 ft. 10 in.; Trotter (L.A. H.),
12 ft. 10 in.High jump—Won by Richardson (U.
S.C.), 5 ft. 10 in.; Trotter (L.A. H.),
5 ft. 10 in.; Richardson (U.S.C.),
5 ft. 10 in.; Trotter (L.A. H.),
5 ft. 10 in.The 220-yard relay—Won by L. A.
High, Williams, Carter, Craig and
Coleman; time, 1m. 40.4 sec. Thompson,
Cooper, Reed and Trotter ran for
U.S.C.Officials—C. H. Price, starter; Ken
Lee and O. S. Lowley, timers; Owen
Eaton and Louis Bristol, judges of fin-
ish; Wallace Robb and Ray Van Cleave,
field judges.TRACK MEET AT POLY.
Classes of Scientific School to Contest
in First Try-out This After-
noon.Polytechnic High School has made
great preparations for the interschool
meet, which will be held this after-
noon at 3 o'clock on the U.S.C. track.
The entry list is the largest the school
has ever had in a meet. Every event is
well filled, with the exception of the
shot put, in which there are but three
entries, all from the high school.Officials have been named as fol-
lows: Art Coover, starter; Bob
Thompson and O. S. Lowley, tim-
ers; James M. Main, referee; and
Walker Lachan, judges for the
weight events; Stephen Lowe, Law-
rence Lewin and Prof. Wood, judges
of the field events; Everett Lee and
Elyar Milmore, inspectors.Following are the entries by classes:
The 100-yard dash—Franklin, 10;
Griffith, 10; Stanley, 10; Lillard, 10;
Farlow, 10; Jones, 10; Conant, 10;
Hay, 10; Clark, 10; Adams, 10.The 220-yard dash—Franklin, 10;
Stanley, 10; Lillard, 10; Conant, 10;
Adams, 10.The 440-yard dash—Franklin, 10;
Trotter, 10; Williams, 10; Carle, 10;
Eaton, 10; Main, 10; Ray, 10; Anderson,
10; Hay, 10; Lee, 10.The 120-yard high hurdles—Whelan,
10; Trotter, 10; Williams, 10; Carle, 10;
Eaton, 10; Main, 10; Ray, 10; Anderson,
10; Hay, 10; Lee, 10.The 120-yard high hurdles—Whelan,
10; Trotter, 10; Williams, 10; Carle, 10;
Eaton, 10; Main, 10; Ray, 10; Anderson,
10; Hay, 10; Lee, 10.ANTI-RACE TRACK
LEAGUE TO FORM.(BY THE ASSOCIATED PRESS—A.M.)
OAKLAND, Feb. 14.—A mass
meeting was held here tonight
to devise a means of abolishing
the race track at Emeryville.
There was a large attendance.President Benjamin Ide
Wheeler of the University of
California was the principal
speaker. He stated that racing
horses, of itself, is not harm-
ful, but that the betting ring
which goes with the modern
race track is one of the worst
institutions of the times. He
also took the occasion to score
society people who play bridge
whist.Steps were taken last night
looking to the formation of an
anti-race-track league.Chief Desmond 99

Los Angeles Summer Distances Cham-
pion and Sets New Half-Mile
Record.Ben Watlington of the Los Angeles
Athletic Club defeated Wilbur Kyle of
San Diego in the 880-yard swimming
race at Bimini Baths last night, and
lowered the Southern California indoor
record for this event. Watlington's
time was 14 min. 32.5 sec., which clips
15.2 seconds from the indoor record,
made by Kyle at Bimini Baths two
years ago, and is the fastest time ever
in the race, the other contestants
dropped out at the prospect of swim-
ming against the two best men in the
South.Watlington went most of the distance
alone, as Kyle slowed up after a few
seconds, and, possibly, led by the
Los Angeles swimmer, Kyle appar-
ently was not in his best condition.
The long-distance under-water con-
tender, Kyle, who had been in the
competition, who went 172 feet under
the surface, Peter Jacot of the
Los Angeles T.M.C.A., was the
second, going 172 feet under the sur-
face, and the third, going 172 feet
under the surface, was the third, going
172 feet under the surface.The long-distance under-water con-

lowered the Southern California indoor
record for this event. Watlington's
time was 14 min. 32.5 sec., which clips
15.2 seconds from the indoor record,
made by Kyle at Bimini Baths two
years ago, and is the fastest time ever
in the race, the other contestants
dropped out at the prospect of swim-
ming against the two best men in the
South.Watlington went most of the distance
alone, as Kyle slowed up after a few
seconds, and, possibly, led by the
Los Angeles swimmer, Kyle appar-
ently was not in his best condition.
The long-distance under-water con-
tender, Kyle, who had been in the
competition, who went 172 feet under
the surface, Peter Jacot of the
Los Angeles T.M.C.A., was the
second, going 172 feet under the sur-
face, and the third, going 172 feet
under the surface, was the third, going
172 feet under the surface.The long-distance under-water con-
tender, Kyle, who had been in the

CONTRACTORS—

ACCUSED BY HER OWN SON OF OUTRAGEOUS CRIMES.

Mrs. Isabella Martin,
who is a mystery to her friends and the authorities. She declares the confessions made by her son, "Baby John," are the fruits of a crazed brain the lad having been insane, she says, from infancy. The finding of this infernal machine where the boy said she placed it tends to corroborate his testimony, and it is likely she will have to stand trial for plotting to blow up at least two homes with dynamite.

moved from the elegant apartments at 5 o'clock this morning.
She first operated in Newcastle, Pa. Former Judge Wallace of Newcastle this afternoon said he compelled her to leave there or be prosecuted. She went to California and returned to Newcastle about a year ago.

UNEXPECTED GUESTS.
HANDSOME SUITE
IS DISMANTLED.

POLICE RAID GAMBLING HOUSE AND ARREST OWNER.
Four Other Men, Including Former Officer, Caught in Dragnet—More Than Two Thousand Dollars Found on Tables—Prisoners Released on Bail Furnished by Proprietor.

A flourishing gambling houses at No. 323 West Second street, where "craps," poker, "black jack" and faro were played, was raided last night. The proprietor and four employees were arrested. Officers say there were \$1850 on the "craps" table, and \$700 on the poker table. The paraphernalia was confiscated.

James Markey, the proprietor, was released on \$400 bail. J. W. Smith, A. M. King, B. A. Snyder and B. Fottino, charged with gambling, were also given their liberty, Markey depositing \$800 for their appearance in court Monday. For several months Markey had been conducting a gambling house in the Hotel Rainier at No. 137 South Broadway, but was forced to leave there a few days ago on account of the heavy play. A suite of rooms on the ground floor of No. 323 West Second street was leased and fitted up handsomely.

At the time of the raid, the proprietor was making up the bank rolls. Smith was dealing "Black Jack," and Snyder had charge of the crap table. Fottino was doorkeeper, while King, an ex-policeman, was employed as "caper" and "bouncer."
One room was furnished with a pool table, on which to shoot craps; in another was a poker table, and a larger one where "Black Jack" was played. Part of a faro layout was found. Liquor was furnished players.

ACCUSED OF MEAT THEFT.
Foreman of Market Arrested on Charge of Systematic Robbing of Employer.
Charged with leading a gang of butchers who stole tons of fresh beef, pork and mutton from Felix Levy of

the Great Eastern Market, A. Guthrie, foreman of the Levy company, was arrested yesterday. He was charged with petty larceny, pending a searching investigation of the case. Levy's loss is estimated at \$3000. Guthrie declares he is innocent.

Three local butchers also were locked up at the City Jail on suspicion of being implicated in the theft of the meat. The Great Eastern market supplies small markets in the residence section of Seattle, and the butchers had charge of delivery of this meat, and booked all the sales.

For a month or more Levy has noticed the disappearance of much meat. He made a careful search, but could find nothing wrong, according to the books, but his prods were not what they should have been. Finally one man was discharged under suspicion. This man is said to have given information that caused the arrest of the foreman.

According to the statement of the discharged butcher, Guthrie visited him at a small butchery shop which he had started and offered meat at a low rate, explaining that a restaurateur wanted to get rid of the stock in a hurry.

The butcher agreed to buy some of the meat if it was good, and if there was nothing crooked connected with the deal. When the meat was delivered he quickly saw that it was wrapped and cut in the style employed at the Levy market. His telephone number and the latter, after examining the meat, swore to a complaint against Guthrie.

STABBED IN SALOON.
THREE SOLDIERS ARRESTED.
(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Feb. 14.—As the result of a stabbing affray, following a quarrel in the Minnesota saloon of Golden Gate avenue, shortly after 6 o'clock this morning, A. Brown, possibly fatally wounded at the Central Emergency Hospital; three soldiers have been detained at the City Prison, and one of them, Claude Hirschman, has been positively identified as the knife wielder. His companions were with him when the stabbing occurred, were John Ott, William Sitzer. All are of Battery F, First Artillery.

FOUND DEAD TOGETHER.
THINK HUSBAND SLEW WIFE.
(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Feb. 14.—The dead bodies of Percy Ingalls and his wife, Lisale, were found this afternoon in their apartments on Valencia street. Both had been shot through the head. It is believed Ingalls killed his wife and committed suicide. The landlady, Mrs. L. B. Johns, thinks that the tragedy occurred yesterday as no shot was heard today and the house had other occupants at that time.

CRIME BRIEFS.

Gets Fifteen Years for Arson.
SAN JOSE, Feb. 14.—Judge Wolf this afternoon sentenced George W. Lavery, who for years was a prominent livery stable man in this city, to fifteen years' confinement for arson, in having set fire to his stables on North Market street several months ago. Lavery was permitted to be burned to death in the fire that followed.

Accused Banker Surrenders.
CHICAGO, Feb. 14.—A. C. Tiedtke, the banker for whose arrest a warrant was sworn out yesterday, surrendered himself today. The charge against him is receiving deposits after he knew the bank was insolvent.

DISPUTE OVER VICTORY.

Huntington Beach Contests Orange's Claim for Championship in Basketball.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
HUNTINGTON BEACH, Feb. 14.—The Orange county High School basketball championship is in dispute and an appeal has been made to the academic league officials for a decision. Last Saturday the Orange team defeated the Huntington Beach five at Santa Ana and now claims the county championship. The county league comprises the teams of Anaheim, Fullerton, Huntington Beach, Orange and Santa Ana.

In the regular series Huntington Beach won four straight games and Orange three. Huntington Beach defeated all the other teams and Orange lost to the beach boys. Orange then claimed the right to play Huntington Beach on neutral grounds and he claimed a victory. The Orange and Fullerton over the protest of Santa Ana and Huntington Beach Huntington Beach went to Santa Ana without her full team determined to appeal the decision if the game was lost. If the decision is favorable Huntington Beach will try for the Southern California inter-scholastic championship in competition with Redlands and Whittier.

Walter Baker & Co., Ltd.
Established 1790 **DORCHESTER, MASS.**

This image is a vertical strip, likely a scan of a document page. It is characterized by high contrast and significant shadowing. The left portion is lighter, revealing a textured surface and faint vertical lines. The right portion is predominantly black, with some faint, illegible markings visible near the bottom edge. The overall appearance suggests a scan of a physical document, possibly a page from a book or a document with a dark binding.

THE CITY IN BRIEF

Take off your rubbers and stay awhile.

NEWS AND BUSINESS.

Postal Banquet.

The postal employees of this city will give a banquet at Levy's tonight in honor of Postmaster Flint's reappointment. A reception will precede the dinner.

Cornell Dinner.

The Cornell University Club of Los Angeles will give a dinner at the Hotel Lenox tonight, at which Emma Williams of Ithaca, New York, president of the Cornell University, will be the guest of honor.

Woman Wanderer.

Anna Casano, who lives at No. 615 Wall street, was found wandering aimlessly along East Ninth street last night and was taken to the Receiving Hospital. The woman has been ill for some time and appeared demented.

Almost a Fire.

A lighted match, carelessly thrown in a waste-paper basket in the hall of the Southern Pacific rooming-house, No. 456 Central avenue, caused a fire about 3:30 o'clock last night. The blaze was extinguished before the building was damaged.

Strong for Taft.

Rousing enthusiasm for William H. Taft for President was expressed at a largely attended meeting of the Third Ward Taft Club, held last evening at No. 230 New High street. Among the speakers were Gavin Craig, president of the club; H. H. Rorer, Justice J. W. Summerfield, D. C. Casselman and J. J. Gosper.

Willard Memorial.

Mrs. Hester T. Griffith and Mrs. Fred F. Wheeler will be the speakers at a Frances E. Willard memorial service, to be held in Symphony Hall on Sunday at 3 p.m., under the auspices of the Los Angeles Prohibition Union. Miss Wheeler will read, and Mrs. C. J. Hall will have charge of the music. All temperance people are invited.

Sixth Warders Hosts.

A musical entertainment and refreshments will be featured at tonight's meeting of the Sixth Ward Republican Club at its quarters, Adams street and Central avenue, to which all Republicans are invited. There will be a number of speakers, including C. C. Bowen, and visitors will have an opportunity to inspect the rooms recently fitted up by the club.

Physician's Funeral.

Extreme simplicity characterized the funeral of Dr. Horace B. Wink, yesterday morning, at the family residence, No. 1917 Elden avenue. Rev. Baker P. Lee, pastor of Christ Church, officiated. The Medical Society and the students and faculty of the Medical College of the University of Southern California will send flowers to the pallbearers, who were Robert M. Adams, C. D. Willard, Wesley Clark, Dr. J. H. Utley, Dr. N. H. Morrison and Dr. R. W. Miller.

Where Was It?

Members of the theatrical profession yesterday were joking about the huge benefit for the Actors' Fund, which for weeks has been advertised for yesterday afternoon. There were no announcements, no postponement, no place was announced, and the facts in the case were simply that nothing materialized. Actors and musicians who had expected to be asked to contribute wondered if every manager in the association had completely forgotten the proposed benefit, and also to change the dates.

County Fair? Raided.

Detectives Jones and Boyd yesterday cleared out the miniature county fair that has been conducted by fakers of all sorts at Fifth and Main streets, arresting the operators of a number of small gambling games. For several weeks the spot has been an eyesore to the police, and many reports of thefts from that neighborhood were made. "Fencing rings over coins and knives for prizes, and many other games of chance and skill, were played. Four men, arrested and placed under bail, are Jack Dwyer, H. M. Simpson, W. H. Brown and Edward Meyer.

BREVITIES.

Sunday Real Estate Listers. Classified real estate advertisements for publication in THE SUNDAY TIMES must be in the office not later than 10:30 o'clock Saturday night. Other "want" advertisements for Sunday insertion at the counter until 11:30 p.m. The great volume of letters printed in the Sunday Times, appearing regularly over 700 separate announcements, makes this regulation absolutely necessary in order to get the big Sunday issue out on time.

Boiling beef, 6c per lb. pot roasts, 8c per lb.; roast pork, 12 1/2c per lb.; shoulders of lamb, 10c per lb.; pickled pork, very fine, 12 1/2c per lb. Newmarket, 523-24 S. Broadway.

Newmarket meats are young, tender, fresh and wholesome. We give good weight, polite service, square deal. Bring your cash to Newmarket, 523-24 S. Broadway.

Bring your cash to the Newmarket and buy meat and save money. Cash is king. We sell only the best and cheapest. Newmarket, 523-24 S. Broadway.

Coal and coke of the Fullweight Fuel Company is kept under cover, and is dry when weighed. Telephone Main 3111, P. 1111.

The very fact that A. J. Hamilton & Sons, 311 S. Broadway, are selling shoes at cut prices, packs their store every day.

Dr. Sparrevohn, dentist, at First and Spring, after a slight illness, will be able to resume business Monday morning.

Sample Shoe Co., top floor Bryson Bldg. Advance spring styles; cut prices. Open Saturday night till 10 o'clock.

RELIGIOUS.

COMPLAIN OF TAX BURDEN.

U.S.C. MAY ASK EQUALITY WITH COMPETITORS.

More Than Hundred Thousand Has Gone to the State Since the Opening of the Institution—Special Law Saves Greater Sums to Other Universities.

There is loud complaint from the friends of the University of Southern California, located in this city, concerning the heavy taxation that institution suffers at the hands of the State. It will probably surprise most people to learn that the university actually paid nearly \$5000 in taxes last year, and in the twenty-five years of its existence it has paid to the State more than \$100,000. As the university depends entirely upon its endowment for existence, it seems unjust that the State should take from it such vast sums of money, that have been given to it by charitable people for the perpetuation of its scientific teachings.

The system stands out as a still greater injustice, from the fact that the State University, being a State institution, pays no taxes, and Stanford University is protected by a special law that exempts it from all taxation. A friend of the University of Southern California said yesterday: "The people of Southern California, of simple justice to an institution that is doing a great work among the young people of the State, should make a radical move on the Legislature next week for the same reduction that is accorded other universities in the State."

RESCUE MISSIONS.

SONORA FINDS NEW QUARTERS.

The Sonora Union Rescue Mission, which since its organization under the same board of directors that controls the other two rescue missions, has occupied a room north of the Plaza on Main street, has been removed to a location south of the Plaza, No. 419 North Main street, where a special opening service will be held on Tuesday evening next. Rev. L. H. Jamison, the superintendent, reports much work accomplished in January, principally among Mexicans, many of whom were rescued from the clutches of the underworld by donations of clothing and provisions. The receipts from all sources were about \$1000 of the expenses.

At the City Rescue Mission, O. D. Conroy will speak tonight and Patrick Behen will sing. Judge Wilbur will deliver an address on Sunday evening under the title: "Hell a Necessity."

At the original Union Rescue Mission on Main street, B. F. Pearson will speak tonight. Rev. J. E. Bond and Sunday night and Rev. Carl Green on Monday night.

OBSERVED BY WOMEN.

DAY OF HUMILIATION.

The Women's Home Missionary Society of the Methodist Church will hold an all-day meeting in Westlake Methodist Church on Thursday, February 27. Features of the program will be an address on "Immigrant Work," by Mrs. E. H. Bodkin; "Benevolence," by Mrs. W. H. Wallace; "Citizenship Tomorrow," by Mrs. E. L. Miller; "Attitude of Public Schools," by Mrs. J. W. Van Cleave; "Methodist Hospital," by Dr. Robert McIntyre.

Y.M.C.A. Mass Meeting.

"The Language and Limp Young Man" will be held up before an audience of men by Dr. J. Q. A. Henry on Sunday afternoon at the mass meeting under the auspices of the Young Men's Christian Association. The meeting will be held in the First Baptist Church at 3:30 p.m. Men will meet at the rooms of the association an hour before, and will be held in a brass band will march to the church. Two street meetings will be held en route, one at Broadway and Mercantile Place, and another at Seventh street and Grand avenue. The church there will be plenty of vocal and instrumental music of a high character, and all men are invited.

After the Brewer.

The topic of Dr. Henry, at the First Baptist Church on Sunday evening, will be: "Playing the Fool," and he will announce a prelude on "Brewer Busch and his dear friend, who would like to call me out to fight a duel." Prof. Stout will sing. Services will be held every night during next week, and on Friday night "Uncle Boston Smith" of Minneapolis will deliver an address to young people.

RELIGIOUS BRIEFS.

PROMINENT NORWEGIAN.

Rev. Dr. Dahl of Minneapolis, head of the United Norwegian Lutheran Church of America, will arrive in Los Angeles today on a tour of investigation of the mission field. He will be shown the city in an automobile during the afternoon, and a reception will be tendered him in the evening at the home of Mr. Ingelbriksen, on East Adams street. He will deliver an address at a service on Sunday morning at the corner of Twenty-fourth street and Maple avenue.

William Murphy will hold the usual gospel temperance meeting in Blanchard Hall on Sunday evening. The soloists will be Roland Paul and Miss May Armstrong. In the afternoon, at 2 o'clock he will hold a meeting in Chutes Park, at which ex-Judge York, R. M. Lusk and William Murphy will speak. There will be good music and Francis Murphy II will sing.

Dr. William Horace Day will preach to men in the First Congregational Church on Sunday evening under the subject: "Is Jesus Christ Divine?" President Baer of Occidental College will address the year-end convocation of the Young Women's Christian Association at 4 o'clock on Sunday afternoon.

An anniversary musical service will be held in Christ Episcopal Church on Sunday evening, at which the juvenile choir will render the music. Rev. Baker P. Lee will deliver an address. The "harmonists," or religious majority, of Master Felix Jonas will be celebrated in B. B. Hall on Saturday, February 22, at 10 o'clock a.m., when the confirmation will conduct the service for the Jewish Synagogue. Mr. and Mrs. J. L. Jonas, parents of the boy, will receive their friends at their home, No. 1247 South Hope street, on Saturday and Sunday, February 22 and 23, from 2 to 5 o'clock p.m.

The Friday quarterly meeting will be held in the Los Angeles Union of Elementary Sunday-school Teachers will meet in Children's Hall, at 11 o'clock to discuss problems of the primary teacher. Thursday evening Dr. Burdett will lecture on "Excess Baggage," for the benefit of the piano fund.

ACCUSED OF ILLEGAL FENCING.

JUDGE SETS THIRTEEN CASES.

(BY THE ASSOCIATED PRESS—P.M.)

H. J. ENA (Mont.) Feb. 14.—Federal Judge Hunt today adopted a setting of cases involving thirteen defendants who are alleged to have fenced an area of government land which is the largest on record in the history of the United States Court.

They are collectively alleged to have taken over approximately 200,000 acres. All will be tried at this term of court.

**"Bishop" McIntyre's Friend
All Waking up.**

**Demand a United Delegation
in His Support.**

There is some unrest among the friends of Dr. Robert McIntyre of the First Methodist Church, at indication of disloyalty to him in the California delegation to the general conference.

Dr. McIntyre was selected at the head of the ministerial delegation to the Baltimore conference, with the distinct understanding that he would be a candidate for election to the episcopacy, and big, broad, generous, eloquent man that he is, it was not surprising to expect that he would be—and ready to be expected that the Southern California delegation would be a loyal and enthusiastic unit in his support.

SAN FRANCISCO, Feb. 14.—[Exclusive Dispatch.] Gasoline motor cars are to replace locomotives and cars on all branch lines of the Pacific system of the Southern Pacific. A desperate contest is to be made with suburban trolley lines for control of the vast amount of traffic that is going to the electric roads.

The battle will be fiercest in Southern California, where the trolley development is greatest. Sixty of the new gasoline cars are on the way to the Coast, and the first will go into service within two months. Where there is no trolley competition the gasoline cars will take the place of trains on short runs, greatly reducing operating expenses.

The gasoline motors will be powerful enough to handle several cars of freight in one train. The change will revolutionize the handling of business on hundreds of miles of road. This information became public here tonight and has been confirmed by a high official of the Harriman system.

It has become noised about among Methodists that A. M. Drew, the delegate from Fresno, in the district of Dr. Harcourt W. Peck, presiding elder, is opposed to Dr. McIntyre, and that Dr. Peck himself is taking an interest in the candidacy of F. D. B. of San Francisco.

It has been known in Los Angeles for long time that the Southern Pacific contemplated a change in the manner of handling passenger and freight business on its branch lines, and that it would be a question of only a few months until gasoline motors would perform the service of the steam trains in this vicinity last year, but the type of motor car then tried out was found unsatisfactory.

Long Beach, San Pedro, Santa Monica, Monrovia and Duarte, Anaheim and Tustin, Orange and other points. Service will be given by the new streamlined cars at Long Beach, Gardena, Redlands, Colton and Redlands. Anna and Newport Beach, and wherever the steam trains operate.

To the extent that the new service will be extended to Burbank or even farther. In every direction there will be some competition as well as an infrequent train service will be in a class with cities now a touch with

One of the arguments attributed to Dr. Peck, while on a trip up North with Dr. F. D. Bovard, Dr. W. Matthew and Dr. S. J. Herbin, editor of the Epworth Herald, when he attended a conference of all the delegates from the Fourteenth General Conference District, except those from California, was that Southern California had not nominated Dr. McIntyre, and Dr. Peck repeated the same argument to a Times reporter yesterday.

Now a motor has been perfected that is said to be capable of handling all the traffic that may present itself, especially on short lines, where passenger and freight trains are operated at a loss, or, at least, where no profit is made.

This meeting in the North has also been severely criticised, inasmuch as it was called professedly in the interest of legislation for the Coast, but no invitations were sent to California delegates, though Dr. Bovard and his friends got there nevertheless. Says a wide-awake Methodist friend of Dr. McIntyre yesterday:

In Southern California, especially where trolley competition is particularly keen, it is stated that the Southern Railway will have no objection at all to as fast as that which prevails on electric lines, with cars every hour or even less, if the passengers are willing to pay more. It will be quite as speedy as those propelled by electricity, and that there will be no loss of time in getting out of fare and conform with those charged by the electric lines.

It will be handled mostly at night whereas passenger business is so heavy as to require the slower trains during the day.

MAY DISPLACE MANY MEN.

It is possible that the introduction of such motor cars will stir up troubling questions among trolley men who may be thrown out of their respective lines of employment. It will be something of a blow to them.

"The trip to Portland by Bovard, Matthew, Peck and Herbin was ostensibly in the interest of money for missions, but there are many earnings of another motive—that of attempting to line up the Coast delegates for Bovard.

INTO NEW FIELDS.

Additional to this, the Southern Pacific, through its network of branches throughout this section, will be able to reach into regions not now provided with electric lines, and thus possibly make it unprofitable for the latter to

The friends of Dr. McIntyre do not take kindly to the excuse that it was taken by a Munder. They are now in the conference at Portland. Dr. F. D. Bovard seems to have been posted by some means, and we hear immediately after the conference that Dr. Fock had been elected as the representative of McIntyre out of the contest for bishop; Matthew, who had started a little bishop campaign of his own, while he was in the East, gave up the contest. McIntyre's church was placated by the 'machine,' represented by Bovard and Herbin, and he promised the place of missionary field secretary, now held by Dr. J. C. Smythe; at the same time, pressure was exerted upon the friends of Dr. E. M. Randall, Epworth League secretary, and formerly of McIntyre, to have him also withdrawn.

The new gasoline cars, as described by the railroad officials, will be constructed, will be of 150 horse power, and capable of making a speed of thirty to forty miles an hour. Through the use of the fast-track system, the car will be developed at the minimum of fuel consumption. Another innovation is the perfection of an arrangement for the use of the car as an interior or use on a railroad line, where speed is a prime requisite.

"Perhaps the worst feature of the whole scheme to clear the entire Coast of the influence of the 'G' was that, even though, for it be known, Dr. Matthews was considered so unfriendly to the movement, that he was not even invited to the General Conference in Northern California. The friendship of the latter attempted to compass the defeat of the 'G' at the conference. At the General Conference, however, when it leaked out that there was a combination against him, his brethren were so incensed that they voted to support him for this antagonism is the fact that Dr. Boveard succeeded Dr. Matthews as the principal advocate of the 'G' at the conference, and it was considered sufficient ground for Dr. Matthews to oppose to the 'G' at the General Conference. Boveard, four years ago, when he was candidate for bishop, and Matthews was the principal opponent of the 'G' at the conference, was at that time. It may be somewhat remote, and yet not without its effect, that this same brother Matthews, who was a member of the Southern California, a position occupied by Dr. Matthews.

It has been the dream of railroad officials for years to perfect a gasoline engine or other motor car capable of replacing locomotives on small and unprofitable lines. The dream is now being realized. Harriman lines engaged in the experiment with vigor. A motor car was sent over the road from Omaha to Los

conference last fall when Dr. McIntyre was elected a delegate and ordained for bishop, and he told several people at that time that he thought the best plan was for our delegation to speak kindly of both himself and Dr. McIntyre and he would do the same, and yet he sat by and heard Peck say that our conference had renounced Dr. McIntyre in the field, and Everett gave silent consent to the incorrect impression.

BETTER SERVICE. With the introduction of the gasoline motor cars it is promised that there will be an immediate improvement in passenger service on the Southern Pacific and Santa Fe lines in Los Angeles and various important points.

One of the plans in contemplation is to operate these cars between this city and San Francisco, and between every other important point on the coast.

MACHINE AT WORK.
 "F. D. Bovard and S. J. Herbin are the direct representatives of the 'machine,' which consists of the bosses, editors and secretaries. They stand together and help each other and discount the efforts of all who are not in some way contribute to the success of the machine."

hour giving a vastly increased service to the orange city and all intermediate points. The new line will be a direct roadbed of the steam line they will make fast time, even beating the old line in some places. The passenger cars will be sandwiched in between the freight cars. The passenger train that run between Los Angeles and Colton, and, according to the claims made by the Santa Fe, will be the fastest out of the way. If they can't, there are

"To make this political mess still more juicy, it is a fact that J. D. Hammond, deposed book agent at San Francisco, came down here four years ago specially to oppose the candidacy of G. F. Bovard, who was a member of the same committee, and who gave damaging evidence against Hammond. Matthew and Hammond are close friends, and to pull these two, together with Eaton and Mains, for F. D. Bovard in the present campaign, looks like a real slick piece of work."

One of the sweeping changes promulgated by the state is the introduction of the gasoline motors in the reentry of the Southern Pacific into the state, between Los Angeles and Pasadena. With the perfection of the electric system, the Southern Pacific is almost to abandon this field as the coast

"If the plans laid by these people succeed, it will mean a continuance of the domination of the machine that has controlled California Methodism for the past 30 years. One Methodist congregation in Los Angeles has members that are more Methodists than the whole city of San Francisco.

"We feel that by reason of our importance to the church, Southern California Methodists should be considered, and a candidate of the qualifications possessed by Dr. McIntyre should receive the support of the Coast, but we also feel that we have full right to the solid support of our own people. We do not want to be kindly to the slightest disaffection, we will not forget it."

When Mrs. Schuford went to her room about 8 o'clock she found the door unlocked. As she stepped inside she saw a man in a dark suit and a light-colored shirt and tie, who was lying in the darkness. Rushing into the hall, she slammed the door and called for help. The burglar attempted to open the door, but Mrs. Schuford held fast to the knob and the door would not open.

O'Connor used a skeleton key to open the door.

LUKEWARM DELEGATE.
Dr. Harcourt W. Peck was asked about the reported disaffection of himself and Mr. Drew, and his reply showed that he is at least not enthusiastic.

(Continued on Seventh Page.)

operation of the gasoline motor cars on the Imperial Valley branch of the Southern Pacific, extending from Imperial Junction to the main line to Calexico on the Mexican boundary, a distance of forty miles. Passenger service is maintained on the branch, but heavy on this branch, but the railroad men have argued that the returns were not sufficient to justify the publishing of the number of trains the pub-

Already a gasoline motor line is in operation from El Centro to Holtville, by the Holton Power Company, and its success has had some pending in insurance. The Holtville Electric Co. has the important change now pending.

There are numerous other branches from Holtville which will be run—those to Santa Ana,

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The southern Pacific has delivered eighty cars of material at Mojave for the new railroad into the Owens Valley, along the line of the Los Angeles aqueduct.

The new Board of Public Works organized yesterday, with A. A. Hubbard chairman, and Gen. Chaffee chairman of the aqueduct committee.

Justice Phelps yesterday fined M. Franklin, a Tolosa ranchman, \$25 for collecting the nests and eggs of domestic birds without a State permit.

Justice Pierce yesterday gave W. R. Hodgkins judgment for \$42.50 in his suit against a case of Modern Woodmen of America for \$124.50.

William Hayford was examined as to his sanity yesterday and was ordered discharged from custody.

Judge James yesterday continued the hearing on W. N. Sarver's injunction suit against the Supervisors to prevent the awarding of the new County Jail cells to the Pauly Jail Building Company.

AT THE CITY MALL.

MATERIAL FOR NEW RAILWAY.

ESPEE PREPARES TO ACCEPT CITY'S TERMS.

Eighty Carloads of Equipment Already at Mojave for the New Line Into Owens Valley—Favorable Reply from the Company on Rates, Gen. Chaffee at Work.

A report was received at the aqueduct office from Mojave yesterday that the Southern Pacific company has delivered eighty cars of material there for use on the new railroad line to the Owens Valley. This is regarded by aqueduct officials as an indication that the Southern Pacific company expects to build the line at once, also that the company expects to compromise with the city on the question of rates for carrying aqueduct freight.

Securing a railway line into the Owens Valley along the line of the aqueduct has been one of the knotty problems in aqueduct construction. The Board of Public Works has sought to avoid building a municipal line, as the city will have no use for the road after the big conduit is finished. The price for carrying freight asked by the Southern Pacific company in its offer to build the line is considered by the board as excessive; but the city is not in position to do much haggling for the reason that no other railroad has made any offer at all.

Three weeks ago the question of freight rates was referred back to the New York office of the Southern Pacific company. Then the commissioners of the department of public works notified the company that they do not feel disposed to pay fifty cents per ton mile for carrying the aqueduct freight. The fact that the company is delivering material at Mojave for the new line is taken to indicate that it expects to meet the city half way in the compromise proposed.

The engineering department of the aqueduct has just finished a revised estimate of the cost to the city per ton mile for hauling aqueduct freight in case the city should build its own line. The price is reported to be materially lower than that made in the original estimate, the reduction being occasioned by depreciation in the price of material and labor. The aqueduct department will not make this estimate public until the negotiations with the Southern Pacific company are concluded.

City Treasurer Hance reports a number of inquiries for aqueduct bonds, only a few actual subscriptions have been recorded, but the Treasurer says that this is because the city has not yet received the certificates from the State.

"From the inquiries that have come to me I am of the opinion that we shall find a ready local market for the bonds of the aqueduct," said Mr. Hance last night. "Local banks have subscribed for more than \$200,000 of this issue, and I think the remainder will be taken by some investors." The bonds are so arranged that a buyer may subscribe for any amount from \$100 to \$200,000 of the securities. The bonds bear 4 per cent. interest, and are redeemable in thirty-five equal annual installments. The series is so arranged that subscribers may get bonds redeemable in any year they select from 1912 to 1947. Each \$1000 subscribed for these bonds will pay the wages of a laborer on the aqueduct for a year and a half. All of the money received in the present popular subscription will go to pay for labor on the aqueduct.

BOARD AT WORK.

GEN. CHAFFEE IN ACTION. The Board of Public Works organized for the new term yesterday afternoon by electing Albert Hubbard chairman, and Gen. Chaffee chairman of the advisory board of the aqueduct. Commissioner Edwards was reappointed director of public works.

"Gen. Chaffee chose the place on the aqueduct in preference to serving as chairman of the board," said Commissioner Edwards after the session. "He is interested chiefly in the building of the big conduit, and he desires to devote the most of his time to that project. A little inquiry satisfied him that he would be hampered in the aqueduct work if he were called upon to transact the routine work of chairman of the Board of Public Works."

"Both Mr. Hubbard and myself assured him that if he thinks, after the year he has served for six months, that he would like to be chairman of the board we will elect him to that office."

It required less than five minutes for the board to organize; it applied itself at once to the routine business coming from the different departments. Gen. Chaffee cast his first vote on a protest against paving Aliso street from Alameda street to the river with brick. A contract for the paving work has been several months ago, but no work has been done because the contractor could not secure the paving brick.

The big Maier brewery owns about one-third the frontage on the street. Two weeks ago the brewery petitioned to have the contract for the brick paving canceled and one for asphalt laid in its place. Yesterday the attorneys for the company sent a request to withdraw the protest. They said that the contractors have found a place to get the brick and are ready to commence work at once. Some of the other citizens on the street still protested against the brick on the ground of expense.

"I am," replied Secretary Ferris. "Then it would appear to me that the only duty devolving on the board is to proceed in accordance with the wishes of the owners of a majority of the frontage."

Secretary Ferris said that the withdrawal of the Maier protest leaves three-fourths of the frontage in favor of the brick paving. Gen. Chaffee moved that the contract for brick be approved.

proved on condition that the contractors will go to work at once and finish the job within a reasonable time. This motion prevailed.

As chairman of the aqueduct commission, Gen. Chaffee will have office in the aqueduct suite on the top floor of the Union Trust building at Fourth and Spring streets.

TO PROTECT TREES.

CURB PROVES TROUBLESPOME. City Engineer Hamlin reported to the Board of Public Works yesterday that it will be necessary to change the curb line on Fifty-first street between Compton and Hooper avenues in order to protect the shade trees that are growing along the edge of the present sidewalk. The line originally prepared would run the curb right through both rows of trees.

The City Engineer says that in order to protect the trees it will be necessary to make a fifteen-foot sidewalk, and that the roadway will be but thirty feet in width.

The board decided to refer the report to City Forester Harper for a recommendation as to whether the trees are valuable enough to justify changing the curb line and reducing the width of the roadway to thirty feet. The residents of Vernon would like the trees saved, but they also want a forty-foot roadway.

CHECKING REPORTS.

AUDITOR'S BUSY DAY. City Auditor Muesel and his assistants are working busily this week checking over the annual reports of the Home and Sunset Telephone companies. These companies have made applications for an increase in the phone rates, making the contention that they cannot make expenses at the rate per phone they are collecting at the present time.

The Auditor told the Council yesterday that he will be ready to report on the statements rendered by the companies. These statements form the basis on which the Council fixes each year the maximum rate which the companies may charge for service to city customers.

Next week the Auditor and his assistants will make an investigation of the reports of the light and power corporations, including the gas companies.

BIDS ON STOCKADE.

SHORT TIME LIMIT. Five bids were received by the Board of Public Works yesterday for building the new stockade for regiments. That of the Southern California Fireproof and Contracting Company proved to be lowest in price and shorter in time than any of the others. This company proposes to build a concrete stockade for \$124,500, to finish within forty-five working days.

A technical error was detected in one bid, and it was rejected; the other four were referred to the Building Committee of the Council. The bids are within the Council's estimate of cost of the stockade.

AT THE COURTHOUSE.

EGG COLLECTOR TELLS TALES. Birds Robbed by Members of the Cooper Club Without State Permits, Is Alleged of Man on Trial for This Crime—Game Warden, Beloved Tourists, Trap Him.

That members of the Cooper Club, an organization of ornithologists, collected eggs and skins of domestic birds without regard to the State law requiring permits, was intimated yesterday in Justice Phelps's court by M. C. Franklin, who was on trial.

"I applied for a permit once," the defendant testified, "but I was unable at the time to give references, and while I made some efforts to get them, I continued to collect without a permit. I have never made a business of selling eggs commercially, as hundreds of collectors in California do. I have sold some to get money to buy bird books. I am guilty, I do not know whether Harry Clark and the other members of the Cooper Club are guilty or not, but I know that he is an active collector. Chaffee Law of the Hollywood Bank is another man who has a fine collection of skins and eggs."

Deputy Fish and Game Warden W. S. Way testified that he had written a letter to Franklin, asking whether he had eggs of domestic birds for sale, after the receipt of Franklin's eastern advertisement, forwarded by the game warden of New Jersey.

"I called on Franklin," testified State Fish and Game Warden W. B. Morgan, and he asked me if I intended to stay in Los Angeles during the winter. He told me I did, and asked him about collecting. He told me that a State law required a permit, but that he and many other members of the Cooper Club have none, and do all the collecting they wish, and that I would have trouble if I didn't do the same. He sold me some mocking bird and grosbeak eggs for 50 cents. He took me for a tourist."

Morgan stated that members of the Cooper Club take particular pleasure in getting eggs from which the birds are almost ready to emerge. Acid is injected into the shells to kill the inmates, and reduce them to a liquid condition, so that they can be easily blown out. Eggs so treated are more easily preserved than those in which the process of development is not so far advanced.

WOODMEN WOULDN'T PAY.

SO FORMER CLERK SUES THEM. W. R. Hodgkins, former clerk of California Camp No. 1113, Modern Woodmen of America, retired from office some months ago, to the satisfaction of some of the brethren of his fraternity. Incidentally, he presented a little bill of \$124.50 for services to the camp, but this was received with so little enthusiasm that he brought suit to recover the amount.

Members of the organization crowded Justice Phelps's court yesterday, and many witnesses testified for and against Hodgkins. He said that he was clerk of the camp from February, 1906, to April, 1907, and that when he took the office, he agreed that he would not insist upon the monthly payment of his fee of 10 cents a member, but would wait for his money until the camp was in a stronger financial condition.

Witnesses for him stated that they understood that he was to receive compensation, but eight witnesses for the defense said that he had promised to do the work without compensation.

One man spoke so intelligently on the stand that the justice at last exclaimed: "Speak up, speak up. If a ten-year-old boy of mine didn't understand better, I would wear out a shingle on him."

No question was raised as to the faithfulness of Hodgkins in performing his duties, and he was finally awarded \$24.50.

VERNON IN LIMELIGHT. ACCUSED TRUSTEES DEFENDED. That the Vernon Trustees acted under the advice of City Attorney General Williams in failing to pass ordinances for city elections and government, and that this advice was due to the circumstances in which they found themselves by reason of threatened suits to set aside the incorporation of the town, were facts disclosed yesterday afternoon in the course of the argument in Judge James's court on the motion for judgment of acquittal by Robert Broome, a taxpayer, against Trustees John D. Leona, W. S. Hodgkins, J. J. Furlong and W. M. Stevens.

City Attorney Williams appeared for the defendants, and demurred to the complaint that his clients have failed to provide for municipal elections, neglected road maintenance, failed to provide proper schools, and to levy taxes, and had improperly paid attorneys' fees.

The state to the court that in view of apparently conflicting sections of the municipal code, he had advised the trustees to take no action. He asked the court's construction of various passages in question, and then proceeded to a lengthy attack on the complaint.

The hearing will be continued this morning at 10:15 o'clock.

DRINKS MAKE INSANE. BUT SALOON-KEEPER RECOVERS. William Hayford, formerly a saloon-keeper in the Dakotas, walked into the Police Station on February 7 and gave himself into custody. Informing the officials that he was not himself mentally, as he gave signs of being unbalanced, he was sent to the County Hospital to recuperate, and yesterday was brought before the insanity commission for examination.

He told the commissioners that he has been in Los Angeles about four months, and that his trouble was due to the large quantity of liquor he drank. He had first imbibed port wine, had followed this with a quart of whiskey, and had then taken a glass of gin and tonics, which, he said, had produced the insanity.

Hayford said that he had never been mentally affected before, and that he is anxious to return without delay to Dakota, where his relatives are awaiting him. The hospital attendants testified that since he became sober he had been rational, and he was discharged from custody.

COURTHOUSE NOTES. BREVITIES MISCELLANEOUS. GIVE BAIL. E. V. Victor, a Greek living at Pacifica, was arrested yesterday on a charge of criminal assault preferred by his 17-year-old servant girl, Stella Liodalakis, whose arrest he also caused on a complaint of petty larceny. The girl was released on \$25 bail. Justice Stephens yesterday set Victor at \$300, which was furnished. His examination will be held Tuesday afternoon.

CASE DISMISSED. At the District Attorney's request, Justice Summersfield yesterday dismissed the charge of threats to kill, which had been lodged against Joseph Chanda by Miss C. Lehmann.

RIOTOUS CONDUCT. M. Andrade yesterday pleaded guilty in Justice Summersfield's court to a charge of disturbing the peace by riotous conduct on a Hollywood car, in January. He paid \$20 fine.

DEPOSITOR SUES. G. L. Junod yesterday filed in the Superior Court a suit against the Exchange National Bank of Long Beach, which he alleged refused to pay to him \$1000, deposited in February.

ASKS ADMINISTRATION. Asking that she be appointed administrator, Mrs. Lillian S. Peterson, widow of Oliver Peterson, who died at San Pedro January 25, leaving a \$10,000 estate, filed yesterday a petition in the Superior Court.

INCORPORATIONS. Articles of incorporation were filed with the County Clerk yesterday, by the Auto Machine Works, capital stock \$20,000, by Pacific Art Glass and Manufacturing Company, capital stock \$50,000, and the Bardon Car Light Company, capital stock \$15,000. The California Industrial Company filed a certificate of a reduction of its \$2,500,000 capital stock to \$500,000.

NEGOTIATIONS POSSIBLE. At the request of Prof. T. S. C. Lowe's counsel Judge Hutton yesterday permitted them to present a motion to the motion to show cause why a permanent injunction should not be issued restraining Lowe and others from calling a special stockholders' meeting of the Peoples Gas Company. It was intimated that Lowe and his associates may arrive at a settlement out of court.

SEEK REHEARING. Judge Conroy yesterday heard arguments for a new trial in the suit to quiet title of the Big Three Mining and Milling Company against E. M. Hammett, owner of Kern county mining claims, said to be worth over \$1,000,000. It was decided adversely to the plaintiffs a year ago. Alleged errors of fact and law and evidence were the grounds for the application for a rehearing.

JAIL CELLS CASE. Because of the illness of W. M. Bowen, attorney for W. N. Sarver, who brought injunction proceedings against the Supervisors to prevent them from awarding the new Pauly Jail Building Company the contract for the two new tiers of County Jail cells, Judge James yesterday continued the hearing until Tuesday morning at 9 o'clock. All the Supervisors were present in court when the case was called yesterday, as was representatives of the Steward Jail Building Company, whose bid was over \$500,000 lower than that of the successful bidder. It has been intimated that the arguments of counsel are completed, the reasons why a majority of the Supervisors voted for the Pauly bid will be stated fully.

TO CLOSE BANK. Judge Monroe yesterday signed an order restraining the officers of the Citizens Savings Bank of Long Beach from interfering with its management. The order was signed in consequence of a suit filed in the Superior Court by Deputy Attorney-General George Beebe, who asked that a receiver be appointed for the institution, which has been in the hands of the bank commissioners since February 5. Several suits have been filed by depositors.

DAMAGES FOR DEATH. In the suit of Y. Fujino against the Los Angeles Railway Company for \$15,500 for the death of his wife, a jury in Judge Bordwell's court, last evening, awarded the plaintiff \$2000. Mrs. Fujino was killed last August when a car collided with her.

with a wagon in which she was riding. This was the second trial of the case, the jury disagreeing after the first one.

THE INFERIOR COURTS. TOO CHIVALROUS TO SHOOT HER. BURGLAR SAYS HE'D RATHER DIE THAN KILL WOMAN.

When Arraigned in Police Court, Declares He Fired in Air to Frighten Her—Held for Trial, Although Not Identified—Riding Japanese Section of Vagrants.

Floyd Mitchell, charged with having robbed the homes of George E. Karsten, at No. 1102 Arapahoe street, and of Edmond Otto, at No. 1212 Hoover street, yesterday faced the young woman who shot at him on the night of February 6.

Officers told the court that Mitchell was willing to plead guilty, but that he said that he had fired in the air to scare Miss Karsten, and that he would rather have been killed than to have himself by attempting to shoot a woman.

The property taken from the Karsten home was identified by its owner. Mitchell seemed little interested in the proceedings. Even when he stood up to be inspected by Miss Otto, he said that she could not identify him, but that the man, at whom she shot was of about the same height as the prisoner.

When I returned home after a buggy ride, on the evening of February 6," testified Miss Otto. "I saw some one running along in the house, and I ran next door and secured a revolver. As I came out, I saw a man running away. I called to him to halt and then cut down on him with the gun. I fired again as I ran and he turned and fled back. I think he fired in the air. But he got away."

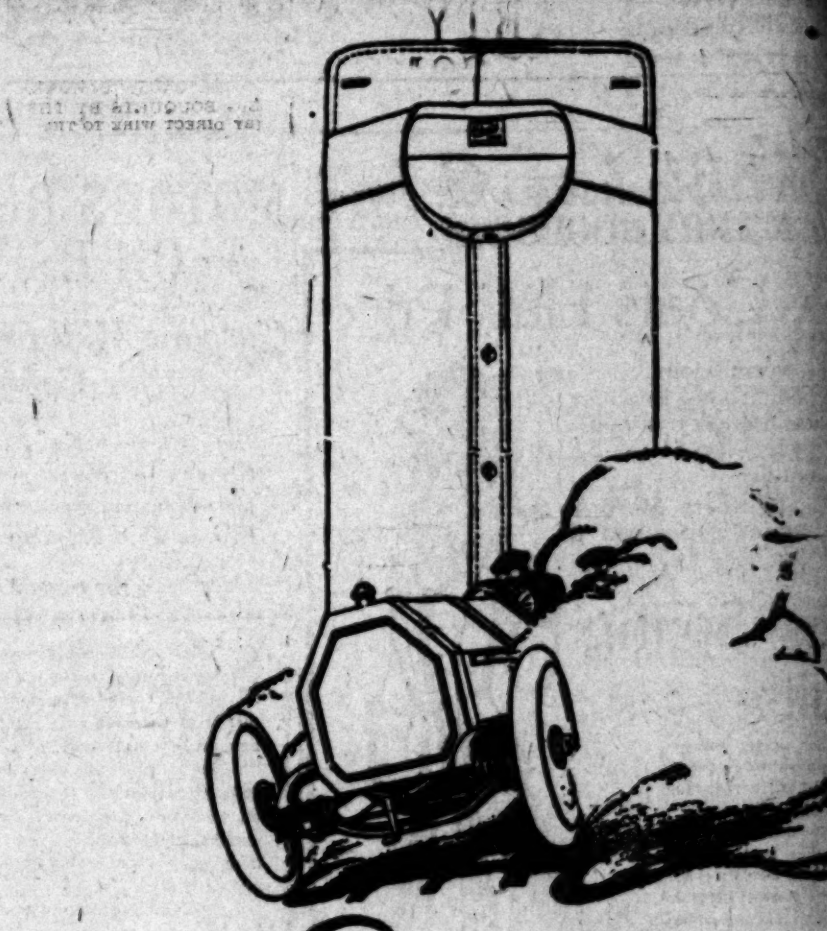

Mitchell had no attorney and said he did not want one. He was held for trial in the Superior Court on two charges, his bail being fixed at \$1500 in each case. He will probably be examined by the insanity commission before his trial.

Japanese Vagrants. In an effort to rid the Japanese section of oriental vagrants, Y. N. White, the only Japanese in the city who carries a special policeman's star, yesterday arrested J. and H. Ito, who were arraigned in Justice Roe's court. H. Ito pleaded guilty to being a gambler and a vagrant and was sentenced to ninety days on the chain gang, with the alternative of leaving the city forever before midnight. He was about to leave when he was arrested a second time on a charge of impersonating an officer.

J. Ito pleaded not guilty to a charge of gambling, looting and vagrancy and he will be given a hearing on February 28. In default of bail, both men were locked up.

The officer alleges that the prisoners are relatives of T. Ito, a gambler who is now in the City Jail, charged with the murder of Ole Saki, a merchant.

WASHINGTON HEARILY

Two Hundred Exclusive "Inland Empire" Arrived by Chamber of Commerce

BRINGING with it the biggest red the west apples from the "Inland Empire" yesterday afternoon, 228 strong, through it is spoken of as the Spokane and Walla Walla party. Its members include representatives from the Idaho boundary, not a few persons from the latter State having secured berths in the palatial train of eight standard sleepers, two dining cars and an observation car.

"We have had the finest time since we left Spokane seven days ago," said E. Goodall, president of the Chamber of Commerce of the northern city, who is at the head of the party. "There is not a kick, not a murmur of any kind. Everybody was happy all the way, and at every town we stopped we were given an ovation just like Los Angeles is giving us now."

Goodall and all those with him wore a big badge on which, above representation of a row-hued apple, was the legend: "We are from the home of the big red."

In explanation he said: "We are going to the apple business big and strong. The Walla Walla people have a better name on the apple market than the Spokane while the Idaho people are all the better they can lay hands on. Here is the complete list of the party."

WHO THE VISITORS ARE. Spokane: W. H. Acut, president Washington County; J. C. Acut, vice president; J. C. Acut, secretary; J. C. Acut, treasurer; J. C. Acut, auditor; J. C. Acut, clerk; J. C. Acut, reporter; J. C. Acut, photographer; J. C. Acut, stenographer; J. C. Acut, interpreter; J. C. Acut, translator; J. C. Acut, guide; J. C. Acut, driver; J. C. Acut, porter; J. C. Acut, waiter; J. GREAT DISPLAY OF DOGS IN THE
PASADENA SHOW.

About Two Hundred Canine Aristocrats Assembled in the Contest of Perfection of Breeds—Numerous Kennels Represented—Partial List of Awards of Prizes as Announced.

Office of The Times, No. 26 S. Raymond Ave., PASADENA, Feb. 13.—Dogs, big and little, dogs, sates and those of dandy type; dogs, curly and affectionate; frisky little terriers, solemn bulldogs, poodles, but Boston terriers, and a king of dogdom, Montana, a big St. Bernard, without a cur in the whole motley kingdom of canines, are the aristocrats assembled to the number of about 200 at the second annual dog show of the Pasadena Kennel Club, which was organized in March, 1907, and has made a name for itself among all lovers of man's most faithful friend—a dog—be he yellow or red-colored.

sent a 300-pound champion, was simply "immense," and carried off the honors of the occasion.

Miss Mildred Cushing of St. John avenue was the hostess yesterday at an informal tea, and dancing, given by Mrs. E. G. Cushing, and her aunt, Mrs. W. C. Smith. The color scheme was in decoration was yellow and white, and was effectively carried out with acacia and white stock in the drawing-room, and with jonquills and pale yellow acacia in the dining room. Among the guests were Misses James Swan, C. M. Henderson, J. S. Macdonell, E. Marshall Wolcott, Jr., Edward H. Greenwald, Albert Carr, Clarence Austin, John W. Hugs, William Nevin, W. E. Grattan, Misses Blossom Nash, Sinclair Ransom, Morrison, Pauline Morrison, Austin, Stehman, Palmer, Bolt, Mattison, Holmes, Irene, Emma and Sherman, Fuller, Shappe and Sinclair.

Miss Edith Rowland of South Marengo avenue gave a large bridge party yesterday afternoon, and was attended by seventy-five of the matrons and maids of the younger society set.

Discus throwing was introduced as a feature of the interclass meet of the Pasadena High School, and the sport was well liked. This is the first time the classic sport of the Olympian and Isthmian games was seen in Southern California. Roy Fyfe, the state champion, won the 45 lb. 2 in. discus, and proved a winner. This is a remarkable throw for a boy, and is a better performance than its counterpart in the world's record of 134 ft. made by Ralph Rose, would suggest. Fyfe is a boy of 19. Among his other performances yesterday was putting the 12-pound shot 45 ft. 2 in. John La Spada made the 100 yards in 10:02. He was going easily. He was followed by Roy Fyfe, 10:10, and then by the other competitors, and finally by the winner, John La Spada, who made the 100 yards in 10:02.

HOSPITALITY
OVERPOWERS.Railway Agents Delighted by
Hearty Welcome.Enthusiastic Over Wonders of
the Southland.National Association Will
Convene Today.

Tired and travel-worn, but filled with enthusiasm for the wonders of this section of the State, the excursion party of delegates to the annual meeting of the National Association of Railway Agents arrived in the city last evening over the Salt Lake road. Nearly all of them were accompanied by their wives.

The hospitality of your people is almost overpowering," said W. H. Mills of Norwalk, O., president of the association. "We were so warmly entertained at Redlands, Riverside and Pomona today. The result is that we are all rather tired tonight. But we are all delighted with this lovely climate and beautiful scenery. We expect to enjoy every hour of our visit."

The party arrived in a special train, consisting of four Pullmans, baggage car and diner. The route was over the Santa Fe as far as San Bernardino. From there the train was diverted to the Salt Lake. Many of the visitors attended the Chamber of Commerce reception last night, and were heartily welcomed by Secretary Higgins. The association will open its sessions this morning at 10 o'clock in the parlors of the Hayward. President William D. Stephens of the Chamber of Commerce will give an address of welcome, to which response will be made by President Mills. Prominent local officials will give short addresses and then routine business will be transacted.

For tomorrow a trip to Catalina is planned. On Monday the trip up Mt. Lowe will be the attraction. The Chamber of Commerce will be host on Tuesday, and special cars will take the railway men over the Balcon Route to the top of the mountain. The week will be filled in with visits to various points of interest.

Secretary W. N. Drury of White Plains, Mich., the very busy man last evening. More than sixty excursionists were awaiting assignments of rooms at the Hayward. Manager Frye of the hotel, by dint of his quick action, was able to give rooms to all of the excursionists. Others remained on board the special train for the night. Accommodations for a special excursion will be secured for them this morning.

One of the jolliest members of visitors is Dr. A. L. Osburn of Norwalk, Conn. He stated that the most fascinating feature of yesterday was the privilege afforded the party of picking oranges from the trees. "It seems like a trivial thing," remarked the doctor, "but many of us had never seen an orange grove. It was a wonderful experience to see the big trees loaded down with the luscious golden fruit. We ate all we could and then filled our pockets with the golden fruit. The excursionists we passed through, en route to Los Angeles, fairly filled our pockets with the golden fruit. The excursionists we passed through, en route to Los Angeles, fairly filled our pockets with the golden fruit.

Dr. Osburn stated that the health of the party had been very good. He thought a few were troubled by the high altitude at the Grand Canyon. He spoke in high praise of the courtesies and service of the excursionists. He and his wife and daughter, who were met on the journey. "We stopped when and where we pleased," said the doctor. "The excursionists we passed through, en route to Los Angeles, fairly filled our pockets with the golden fruit. Men Cured

Pay Me When I Cure You

My Methods Are Original

DR. TAYLOR, The Leading Specialist

The few words above suggest just why I am the most successful specialist treating men's diseases—why I am able to cure cases that others cannot cure, and why my practice is the largest of its kind west of Chicago. I have abandoned the spurious theories to which others cling, and have learned and applied the scientific truths regarding men's ailments. Consequently I treat as no other physician treats, and my success in curing has brought me a marvelous growth of practice. At all facilities, there is no other possible in every undertaking. My office is in a dimension of equipment. My office is fully fitted with every appliance and arranged as to insure utmost comfort and privacy for my patients.

Weak and nervous men, or those suffering from any private disease, should call on me at once. I make absolutely NO CHARGE for a consultation. My advice will be valuable, whether treatment is begun or not. Write if you cannot call. Hours, 10 a.m. to 9 p.m. Sundays, 10 to 12.

DR. TAYLOR & CO.
908 S. Spring Street, corner Third
LOS ANGELES, CALIF.

I Make Men
Strong and Well

I have surrounded myself with every possible equipment for the cure of men's ailments—large, complete medical offices in the heart of the city and ways of complete privacy for my patients. My own laboratory, my own drug store, my own special diets, my own special treatments, my own special methods. I have nothing for consultation. Call today and let me advise you to 12.

Hours 10 to 4, 7 to 9, Sundays 10 to 12.

WOMAN DIES OF POISON.
Mrs. Eva Nichols, Despondent Over Family Troubles, Swallows Carbonated Vaseline.

Mrs. Eva Nichols, 35 years of age, committed suicide yesterday at the home of her son-in-law, Bert Shadley, No. 126 South Los Angeles street, by swallowing carbonated vaseline. She had brooded over family troubles, and more than once had intimated that she would end her life. She and her husband separated two years ago.

Yesterday morning she arose early and prepared breakfast for her daughter and son-in-law. She then retired to her room, and a few moments later she was found by her husband. Forcing the door, they found her in bed with a half-empty bottle of vaseline beside her. She died within a few minutes. The body was sent to the Breese morgue, where an inquest will be held.

TOO WARM FOR FROST.
Reports from Citrus Belt at Midnight Show Temperatures Safely Above Freezing.

Reports received by The Times this morning, based on observations at midnight at various places in the citrus belt, show that there is practically no danger from frost. The oranges have so far ripened that, even with a temperature below freezing, they might still be safe.

At 3 p.m. Sunday, in the reading-room of the Angeles Hotel, Giles Kollog will give a short address to the Gideons. These meetings are for traveling men, but the public is invited. The Gideons are a body of Christian commercial traveling men and their number comprises something like 7000 men, traveling over the United States.

UNIQUE EASTERN STAR WEDDING
Lewis Zaiser, member of the produce firm of Zaiser Brothers, and Miss Elizabeth Bauer, both well known in social and fraternal circles, will be married at the Masonic Temple on the evening of the 23rd inst. The wedding will be a unique affair, and will be conducted under the auspices of P.

MEN'S DISEASES

Varicocele, Stricture, Tractured Disorders, Blood Poison, Prostate, Rectal and Skin Diseases.

You Can Pay
When Cured

The Only Cure for Weakness

It is a well-known fact that Dr. Harrison & Co. are the only specialists in the Coast curing all forms of weakness with celerity and certainty. Only the legitimate cure with a wide experience and expert practical knowledge, gained in years of hard study and research, can effect the cure. Our eminent successful practice, right here in Los Angeles, is our commendation.

We will cheerfully pay One Thousand Dollars to any specialist who produces a case of weakness occurring in any man of good habits, and who is not cured by any other means, and who is cured by our treatment. The local treatment is entirely painless and does not involve the use of "injections, suppositories," etc. We will effect the cure without resorting to a single drop of medicine and without using a pill, tablet or granule.

CONSULTATION, EXAMINATION AND EXPERT DIAGNOSIS FREE.

WOMAN DIES OF POISON.
Mrs. Eva Nichols, Despondent Over Family Troubles, Swallows Carbonated Vaseline.

Mrs. Eva Nichols, 35 years of age, committed suicide yesterday at the home of her son-in-law, Bert Shadley, No. 126 South Los Angeles street, by swallowing carbonated vaseline. She had brooded over family troubles, and more than once had intimated that she would end her life. She and her husband separated two years ago.

Yesterday morning she arose early and prepared breakfast for her daughter and son-in-law. She then retired to her room, and a few moments later she was found by her husband. Forcing the door, they found her in bed with a half-empty bottle of vaseline beside her. She died within a few minutes. The body was sent to the Breese morgue, where an inquest will be held.

TOO WARM FOR FROST.

RAILROAD GULLITINE.

PLACES HIS HEAD
TO BE CUT OFF.SUICIDE DECAPITATED IN SAN
BERNARDINO COUNTY.

As Approaching Freight Train Drove Near to Him He Deliberately Jumped Across the Rail as That Death Followed Quickly—Coroner Learns Identity of Corpse.

(BY DIRECT WIRE TO THE TIMES.)
SAN BERNARDINO, Feb. 14.—[Exclusive Dispatch.] An unknown white man, well dressed, committed suicide this afternoon by placing his head between the rails and being decapitated by an east-bound Salt Lake freight train at Verdmore, fifteen miles north-west of this city.

The engineer of the train had been watching the man waiting beside the tracks for some distance. The pedestrian apparently was stepping from the roadbed to avoid the train, but when the freight was within fifty feet of him he suddenly dropped to his knees and crawled rapidly to the track, and deliberately laying his head between the rails, allowed the train to pass over him. The body was found by the train, which could not be stopped in time to prevent suicide.

LATER, the body of the suicide was brought to town tonight. The only light that might throw light upon the identity was the name of J. A. Thompson, which was written in ink on the back of the man's shirt. The man was wearing a dark suit, a white shirt, and a dark tie. The man was wearing a dark suit, a white shirt, and a dark tie.

his attorney, Charles E. Snook. They

will investigate the condition of the local Collins Bank. The Oakland institution loaned to the one here \$171,000 last year, and this is said to have had much to do with its closing. A number of local depositors have opened a new institution with the same men as the old. Ever since the bank here was closed, the Bank Commissioners have had Evan Lewis of Los Angeles in charge.

Mrs. J. J. McGregor is seriously ill. Frank Menchaca, whose life was despaired of, has been removed from the Bard Hospital to the Chamberlain ranch. He has a chance for recovery. He is from Santa Barbara, and is one of the best known horsemen in California.

Hotel del Coronado always pleases. WILL PLANT RED GUMS.

Acres of Eucalyptus Groves About Parris is to Be Further Extended.

PERRIS, Feb. 14.—T. B. Marshall of Los Angeles, who, with his brother, L. J. Marshall, is a large alfalfa grower in this valley, is preparing to put out twenty acres of eucalyptus trees in a few weeks. The kind planted will be the Eucalyptus Rostrata, one of the varieties of the "Red Gum," and said to be a very hardy and rapid-growing tree, with a dense, dark wood equal to mahogany when polished. The wood is valuable for railroad ties, telephone poles, piling and lumber, this being the kind of lumber imported from Australia at a cost of \$25 per thousand for the finishing of one of the large office buildings in Los Angeles. Nearly 1000 trees are planted per acre and with cultivation and irrigation at seven years of age they are expected to be ready for cutting.

George Easton, who has a small creamery near town, sold in December \$115 worth of butter made from seven cows, six of which were nearly dry. In January he made and sold \$117.50 worth of butter from the same cows. Alfalfa pasture and 250 pounds of hay per day constitutes the feed bill.

A real estate deal involving 1000 acres has just been closed by C. E. Taylor & Co. The land in question was owned by Ernest A. Husing and was purchased by C. H. Betts and others of Whittier. It is situated about five miles north of Perris.

P. J. Simmen, president of the Simmen Automatic Railway Signal Company, arrived Wednesday evening with several employees and are now engaged in constructing their building for office and machine shop. Within ten days they expect to have their machinery in place and active work started with a force of ten to fifteen men. The demonstration of their system of signals on this branch of the Santa Fe, from High Grove to San Jacinto, will be watched by railroad and scientific men with a good deal of interest.

Hotel del Coronado vastly improved. WESTMINSTER.

WESTMINSTER, Feb. 14.—This town is about to come into possession of its own village of George Washington. When the village of Westminster was platted the finest block in the center of the town was set apart as a plaza, but by a mistake of the Assessor a few years ago, it was placed on the assessment roll and later was sold for taxes. The Improvement League has purchased it and will restore it to its original purpose, and begin at once to improve it.

Naval receptions frequent at Coronado. Sample Shoes—Top Floor, Bryson Bldg.

Advance Spring styles, \$2.99 and \$3.25. SEE the wonderful new of George Washington, carved by Nature, reproduced on the first page of The Times Magazine the coming Sunday.

FOR good fiction, read The Times Magazine of the coming Sunday.

CHAPTER XXV—(Continued.)

The candle flickered and monstrous shadows danced behind the chairs. The faint light on the ceiling was like a faint hope that spreads and narrows, vacillates and never more spreads; the ticking of the clock was like the heart-beat of an unconscious giant, not to be hastened by hope, or checked by fear; the patter of the clock as it dropped made one think one listened to the rustling leaves in the book of fate while unseen hands lifted them and let them fall. Lizzie, with her white face close to Mrs. Cruden's shoulder, trembled and drew her breath faster and faster.

"There. There's your wish. You'll get your wish, Lizzie, my darling," and Mrs. Cruden suddenly threw her arms round her and kissed her. "Oh, you'll get your wish—don't fear."

"Good night, Precy. Thank you. And Lizzie gently disengaged herself. "Go to sleep, my pet, and don't worry about his working. He's working for you—not for your father."

"Precy, don't—please don't say such things," said Mrs. Cruden. "But I do say 'em," said Mrs. Cruden, in a triumphant whisper. "From the first I've hoped for it and prayed for it—but I never seen it coming true till last autumn."

"Hush—please. Good night." Lizzie went softly back through the hall to her room. She did not see or hear her. In his circle of light, he could not see vague forms that moved in the shadow, could not hear the ticking of clocks or the beating of hearts; he was deep in abstract arithmetic, and quite unaware that any living thing had passed.

Upstairs, when Lizzie had undressed and got into bed, she could not sleep. She stared at the darkness; and through the darkness, the white old brick walls, the massive beams, and flooring board, the plaster and the lath, she could still see him—pale, grave, and with a look of sternness, as if he were a judge.

provided without any further delay. Our other debts amount to \$2000—say \$18,000 which we have to find to pay all debts.

"Well, I'll pass on. I have worked it down to that, and I can't get it lower—five thousand; and only to carry us over. We shan't want it for more than a month. November—say the 15th. Please take the plans"—Cruden and Dowling were each given a map of the whole hill, showing the company's land as well as the Hill Rise estate—and please believe that every thing I put before you is solid. It will be a clear hill—no more or less, but it's hard-baked. It won't blow away in smoke. . . . The London and Suburban makes a firm offer of seven thousand acres of the ten houses and ground to the left of Hill Rise—the even numbers. Here is their offer in black and white—and I propose that we close with it."

It was in truth a most beggarly offer. Mr. Cruden snorted wrathfully. Seven thousand for the apple of his eye—the magnificent frontage "the company" the golden strip wherefrom, in the original scheme, his final and proudest scheme was to be derived. "Giving it to them," said Jack. "I know that. It adjoins their land; they'll clear away the houses, and go subject to my scheme going through cash, and there is cash—seven thousand."

"Now look at the ten acres marked. . . . Behind the odd numbers. I have settled with the Universal Insurance Society—all in black and white—for a permanent mortgage of fifteen acres of the middle of the hill—on this ground—not to be built on."

"Not to be built on!" said Cruden. "Why, the upper decoy-house stands bang in the middle of it."

"Yes, I'll tell you about that later. . . . The Universal pledges themselves to two more mortgages. Two thousand on your three other decoys."

"They cost over four thousand—without counting the site value."

"And three thousand on the last thirty cottages as soon as the first are occupied—and they will be occupied in six months—if we drop the rents subject to my scheme going through cash, and there is cash—seven thousand."

"Yes, I'll tell you about that later. . . . The Universal pledges themselves to two more mortgages. Two thousand on your three other decoys."

RARE AND USEFUL Japanese Goods

AT Kakiuchi Bros., 533 S. Broadway

drawn by a Colorado burro. From here they will go to San Diego, and thence through the Imperial Valley, and across the desert. Fourteen miles a day can be made by the goats.

The body of Horace Simmons was laid to rest in Evergreen Cemetery yesterday by Vivian Edwards and his party, who have undertaken a trip from Los Angeles to New York City in a buggy drawn by four Angora goats.

Edwards is a paralytic, unable to walk, and the expenses of the trip are paid by the sale of post cards and souvenirs. He is accompanied by his son and J. R. Johnson, who care for the same equipment, which is carried in a wagon.

RIVERSIDE, Feb. 14.—There was a meager attendance at a meeting in the Y.M.C.A. Hall last evening, preliminary to the organization of a local branch of the Lincoln-Roosevelt Republican League. Addresses were made by ex-Mayor W. R. Davis of Oakland, Chester H. Rowell, editor of the Fresno Republican, and A. B. Nye, State Controller. Another meeting will be held Thursday night.

A party of 125 members of the National Association of Railway Ticket Agents arrived here this morning and spent several hours in seeing the sights of the city and valley. They are en route to Los Angeles.

Riverside was reached successfully yesterday by Vivian Edwards and his party, who have undertaken a trip from Los Angeles to New York City in a buggy drawn by four Angora goats.

Edwards is a paralytic, unable to walk, and the expenses of the trip are paid by the sale of post cards and souvenirs. He is accompanied by his son and J. R. Johnson, who care for the same equipment, which is carried in a wagon.
